# **AGREEMENT**

I. PARTIES' INTENT & RECITALS

1. This Agreement is entered into by Plaintiffs and 36th District Court as a result of Plaintiffs' lawsuit against 36th District Court (i.e., the Honorable Chief Judge of Michigan's 36th District Court in his official capacity and the magistrates of the 36th District Court in their official capacity) in *Ross et al. v. Chief Judge of Michigan's 36th District Court et al.*, No. 19-11076 (E.D. Mich., Compl. filed Apr. 14, 2019) (collectively "the Parties"). The Agreement is entered in order to resolve all of the claims asserted by Plaintiffs' lawsuit and to further enhance the 36th District Court's service to the public. The lawsuit concerns the manner in which arraignments were allegedly conducted at the 36th District Court at the time of filing. This Agreement provides for terms governing Arraignments by a Presiding Officer (defined below) to further enhance the 36th District Court's service to the public.
2. Plaintiffs contend that other courts in Michigan conduct arraignments in a similar manner as allegedly conducted in the 36th District Court at the time that this lawsuit was filed. One purpose of this Agreement for Plaintiffs is to create terms that can serve as a model for other jurisdictions in determining when and under what conditions to release individuals accused of crimes while they await trial.
3. The Parties intend and believe that the terms set out herein comply fully with the requirements of the United States Constitution. The 36th District Court views some provisions of this Agreement as going beyond what is required by the United States Constitution. The inclusion of a term in this Agreement does not constitute a concession by the 36th District Court that the term is required in order to comply with the United States Constitution.
4. The Parties have entered into this Agreement as the result of good faith negotiations and in an attempt to avoid prolonged and costly litigation. As a result of good faith negotiations, the Parties have exchanged information that resulted in the Parties having a better understanding of each other's views and actions undertaken by the 36th District Court before the lawsuit. The Parties intend and believe that this Agreement promotes

public safety<sup>1</sup> and the effective administration of justice.<sup>2</sup> Plaintiffs acknowledge that the 36th District Court has approached settlement discussions in a spirit of collaboration and with a goal of further enhancing the 36th District Court’s service to the public.

5. The Parties intend that, as a result of the application of the terms laid out herein, unaffordable cash bail will be imposed in the 36th District Court only in rare cases. Accordingly, the intended result is that when cash bail is imposed in the 36th District Court, it will be set at an amount that is affordable for almost all defendants.

### III. TERMS GOVERNING ARRAIGNMENT

25. When Presiding Officers conduct Arraignments at the 36th District Court, the following terms shall apply:
  - a. Pursuant to MCR 6.106(C), any Accused Individual other than in Excepted Cases shall be released on Personal Recognizance or pursuant to a Personal Bond unless the Court makes a finding on the record, pursuant to the terms set forth in paragraph 27, that release on such terms will present a danger to any person or the public or that additional conditions are reasonably necessary to ensure the appearance of the Accused Individual as required.
  - b. Pursuant to MCR 6.106(D)–(E), if the Presiding Officer makes a determination not to release an Accused Individual on Personal Recognizance or a Personal Bond under the terms described in paragraph 25.a., Cash Bail shall not be imposed unless the Court makes an additional finding, on the record and pursuant to the terms set forth in paragraph 27, that a danger to any person or the public or risk of failure to appear as required cannot be managed by use of any Non-Cash Release Condition consistent with Michigan law, including, without limitation, the Michigan Court Rules.
  - c. In Excepted Cases, the Presiding Officer need not conduct the inquiry described in paragraph 25.a. if the Presiding Officer makes a finding, based on evidence that is particular to the Accused Individual, that the proof of the Accused Individual’s guilt is evident or the presumption great.

- d. If the Accused Individual's case is one in which MCL 765.6a applies, the Presiding Officer may impose Cash Bail without conducting the inquiry described in paragraph 25.a. However, in such cases, the amount of Cash Bail must still be calculated pursuant to the terms of paragraphs 26 and 27 below, and Unaffordable Bail may not be imposed unless the terms of paragraph 27 have been satisfied.
  - e. If the Accused Individual is charged with felony failure to pay support, MCL 750.165, the Presiding Officer may impose Cash Bail in the manner described in that statute, which imposes a presumption that Cash Bail will be imposed in the amount of \$500.00 or 25% of the arrearage, whichever is greater. However, in determining whether to reduce bail at the Arraignment, the Accused Individual's inability to pay (as determined under the terms of paragraph 26) the presumptive amount will be considered "good cause shown on the record" within the meaning of MCL 750.165 for reducing or eliminating the presumptive amount of Cash Bail or for instead imposing the presumptive amount as a Personal Bond, unless a finding is made that the Accused Individual presents a danger to any person or the public or a risk of non-appearance that cannot be managed by use of any Non-Cash Release Condition consistent with Michigan law, including, without limitation, the Michigan Court Rules.
26. Prior to imposing Cash Bail, the Presiding Officer shall make a finding on the record stating whether the amount required is affordable for the Accused Individual. When determining the amount that the Accused Individual can afford to pay, the following terms shall apply:
- a. The Presiding Officer shall obtain and provide responses which will be reported on the bi-monthly data reports described in paragraph 49, to the following: (1) was the Accused Individual given an opportunity to complete a financial information intake form and (2) has the Presiding Officer provided an opportunity for information from the financial information intake form to be presented.
  - b. The Presiding Officer shall consider only such assets or income that are available and accessible to the Accused Individual at the time of the Arraignment.
  - c. The Accused Individual shall be found able to afford such amounts as the Accused Individual is actually capable of paying without manifest hardship. Manifest hardship includes, but is not limited to: having to forgo ordinary or

necessary living expenses such as housing, food, medical, childcare, or transportation costs.

- d. If an Accused Individual's household income is below 200% of the Poverty Guidelines as revised annually by the United States Department of Health and Human Services and published in the Federal Register at <https://aspe.hhs.gov/poverty-guidelines>, the Accused Individual shall be presumed not to be able to afford to pay Cash Bail. In a case in which MCL 765.6a applies, this presumption will not apply. Counsel for Plaintiffs are responsible for updating the poverty level information contained in the financial information intake form that is included as Exhibit G to Appendix 1 to this Agreement annually. Counsel for Plaintiffs will provide the updated form to the 36th District Court annually, after which the 36th District Court shall cause the updated financial information intake form to be circulated for use.
  - e. In determining the amount of Cash Bail that an Accused Individual can afford to post, the potential availability of a bondsman or surety shall not be considered. In other words, the Presiding Officer shall not consider an amount of Cash Bail to be "affordable" if the only way that the Accused Individual can afford to post that amount is by paying or otherwise inducing a bondsman or surety to post the amount on their behalf.
  - f. Other than Cash Bail, no Presiding Officer shall impose any type of Condition Requiring Payment for which compliance would require the Accused Individual to make payments upfront prior to being released from jail and no Accused Individual may be detained or otherwise treated as being in violation of their release conditions for inability to make the payments associated with any condition of release.
  - g. The Court's current practice when a Tether Requirement is imposed does not include ordering that the Tether Requirement be paid by the Accused Individual so that the Accused Individual can be released. The Court must continue to not order that a Tether Requirement be paid by an Accused Individual. Accordingly, an Accused Individual shall not be detained due to a failure to pay for a Tether Requirement.
27. For almost all Accused Individuals, Cash Bail shall be set at an amount less than or equal to the amount that the Accused Individual can afford, as determined under paragraph 26,

if the Presiding Officer determines that such conditions need to be imposed at all after conducting the analysis described in paragraph 25. Cash Bail in excess of the amount the Accused Individual can afford will constitute Unaffordable Bail. There are only two circumstances under which Unaffordable Bail may be imposed: (1) when the Presiding Officer makes a finding on the record, by clear and convincing evidence that is particular to the Accused Individual, that the Accused Individual presents an identified and articulable danger to any person or the public that cannot be managed by Non-Cash Release Conditions; or (2) when the Presiding Officer makes a finding on the record, by a preponderance of the evidence that is particular to the Accused Individual, that Unaffordable Bail is reasonably necessary to ensure the Accused Individual's appearance as required and that the risk of non-appearance cannot be managed by Non-Cash Release Conditions. In making such a finding, the following shall apply:

- a. Counsel for the Accused Individual (or the Accused Individual, if they choose to be unrepresented pursuant to paragraph 31) shall be permitted to present evidence and proffers of evidence relevant to the inquiry regarding the existence or lack thereof of unmanageable danger to any person or the public or the risk of non-appearance.
- b. Counsel for the Accused Individual (or the Accused Individual, if they choose to be unrepresented pursuant to paragraph 31) shall be permitted to review and rebut any evidence and cross-examine any witness upon which a finding of unmanageable dangerousness or non-appearance is to be based.
- c. In making findings as to a danger to any person or the public or the risk of failure to appear, the Presiding Officer is permitted to consider allegations contained in the police report as well as any other relevant information. The Presiding Officer must also consider any proffer of evidence by counsel for the Accused Individual (or the Accused Individual, if they choose to be unrepresented pursuant to paragraph 31).
- d. The potentially violent or assaultive nature of a charged offense is not sufficient, on its own, to constitute an identified and articulable danger to a person or the public. This term does not preclude the Presiding Officer from considering the specific factual allegations associated with the charged offense in the manner described in paragraph 27.c.

- e. A prior Failure to Appear is not sufficient, on its own, to constitute a risk of non-appearance that is not manageable through the use of a Non-Cash Release Condition. In assessing the relevance of prior Failures to Appear, the Presiding Officer shall consider the Accused Individual's explanations for any prior Failures to Appear, including whether such failures were due to uncontrollable or poverty-related circumstances. This term does not preclude the Presiding Officer from considering the specific factual circumstances associated with any prior Failure to Appear. The Presiding Officer shall also consider the current charges and the charges at issue in any prior Failure to Appear.

#### IV. BAIL REDETERMINATIONS SUBSEQUENT TO ARRAIGNMENT

- 28. The Parties recognize that pursuant to MCR 6.106(H)(2) bail may be redetermined *de novo* by a district court judge after Arraignment both *sua sponte* or on motion by either the Accused Individual or the Prosecution. Any Bail Redetermination shall follow the terms set forth in paragraphs 25–26, except that evidence, proffers, and arguments introduced at the Arraignment or any prior Bail Redetermination hearing may be considered without needing to be reintroduced. At a Bail Redetermination, the Presiding Officer shall consider any additional evidence submitted that is relevant to the setting of bail under Michigan Court Rule 6.106 and the terms of this Agreement, and will also consider any changes to the financial circumstances of the Accused Individual that may have occurred since the time of the Arraignment, including, without limitation, loss of employment.
- 29. The following shall apply whenever Unaffordable Bail is imposed at an Accused Individual's Arraignment for either of the two reasons for which Unaffordable Bail may knowingly be imposed under paragraph 27.
  - a. A Bail Redetermination hearing, to occur within 48–72 hours after the Arraignment, shall automatically be scheduled before a district court judge at the 36th District Court. The 48–72 hour period will be calculated from the time that the arraignment docket during which the Accused Individual was arraigned began. For example, if an Accused Individual is arraigned on a Monday morning arraignment docket that begins at 9:00 am, the Accused Individual's Bail Redetermination hearing will be scheduled no later than 9:00 am on Thursday of the same week. However, if the 72-hour period falls on a weekend or holiday, the Bail Redetermination hearing will be scheduled on the next business day. In cases in which a Bail Redetermination hearing is required under this subparagraph and in which the Arraignment occurs on a Wednesday, the Bail Redetermination

hearing will be scheduled on Friday of the same week, unless that Friday is a court holiday.

- b. The Presiding Officer at any Bail Redetermination hearing described in this paragraph may be, but need not be, the same district court judge who is assigned to preside over the Accused Individual's underlying criminal case.
- c. At any Bail Redetermination hearing described in this paragraph, the Presiding Officer shall follow the terms set forth in paragraphs 25 through 27 of this Agreement in determining bail, except that evidence, proffers, and arguments introduced at the Arraignment or any prior Bail Redetermination hearing may be considered without needing to be reintroduced. This Agreement does not obligate the Presiding Officer to address any issue other than bail at the Bail Redetermination hearing.
- d. The Presiding Officer's determination of all issues at any Bail Redetermination hearing described in this paragraph shall be *de novo*, i.e., with no deference to any findings of fact or law that were made at the Arraignment. However, the Presiding Officer may consider any evidence, proffers, or information that were presented at the Arraignment.
- e. The Accused Individual has the right to counsel at any Bail Redetermination hearing described in this paragraph. For Accused Individuals who do not retain counsel and who do not knowingly, willingly, and intelligently waive counsel for purposes of the Bail Redetermination hearing, representation will be provided by the "house counsel" model that the 36th District Court currently follows for providing legal representation to Accused Individuals in most misdemeanor cases. Alternately, the 36th District Court may arrange for attorneys employed by the Neighborhood Defender Service Detroit ("NDS Detroit") to provide representation to Accused Individuals at the Bail Redetermination hearings described in this paragraph on terms that are agreed to between the 36th District Court and NDS Detroit. In any felony case in which counsel has been appointed by the Third Judicial Circuit of Michigan, appointed counsel will be permitted to represent the Accused Individual if the appointed attorney so requests.
- f. The 36th District Court may pursue an agreement with the Third Judicial Circuit whereby the same attorneys who are appointed by the Third Judicial Circuit to represent Accused Individuals for their underlying felony cases are obligated to

provide representation to their clients at Bail Redetermination hearings described in this paragraph. If such an agreement is entered into, a copy of the agreement will be provided to Counsel for Plaintiffs, and the 36th District Court will no longer be responsible for providing house counsel at Bail Redetermination hearings in cases in which representation is to be provided by attorneys appointed by the Third Judicial Circuit pursuant to the agreement between the two Courts. If counsel appointed by the Third Judicial Circuit is not consistently present at Bail Redetermination hearings despite an agreement with the Third Judicial Circuit, the failure to provide counsel will not constitute a breach of this Agreement. If Counsel for Plaintiffs become aware of such a failure, they will advise 36th District Court of their concern. If the problems identified by Counsel for Plaintiffs cannot be adequately addressed through mutual agreement of the Parties, the 36th District Court will withdraw from the agreement with the Third Judicial Circuit, and the 36th District Court will resume responsibility for ensuring the availability of counsel at Bail Redetermination hearings that are conducted under this paragraph.

- g. At the request of the Accused Individual, the Bail Redetermination hearing described in this paragraph may be waived or postponed beyond the 72-hour period following Arraignment that is prescribed in subparagraph 29.a., above.
  - h. The fact that a Bail Redetermination hearing is available or has been scheduled under this paragraph shall not by itself constitute a reason for delaying the Accused Individual's next scheduled hearing. If the Accused Individual does not appear for a Bail Redetermination hearing held under this paragraph the Accused Individual shall suffer no adverse consequence, and no Capias Warrant may issue for their non-appearance at the Bail Redetermination hearing.
30. The following shall apply whenever an Accused Individual: (1) had Cash Bail imposed at their Arraignment, (2) was determined at their Arraignment to be able to afford the Cash Bail that was imposed, and (3) has not posted bond within 24 hours after their Arraignment.
- a. The Accused Individual will automatically be scheduled to appear before a Presiding Officer for a Bail Redetermination hearing at the next Arraignment docket. The 24-hour period will be calculated from the time that the Arraignment docket during which the Accused Individual was arraigned began. For example, if an Accused Individual is arraigned on a Monday morning arraignment docket

that begins at 9:00 am, the Accused Individual's Bail Redetermination hearing will be scheduled for 9:00 am at the Tuesday morning arraignment docket if the Accused Individual has not posted bond by 9:00 am on Tuesday.

- b. The Accused Individual has the right to counsel at any Bail Redetermination hearing described in this paragraph. Unless the Accused Individual has retained private counsel or makes a knowing, voluntary, and intelligent waiver of counsel for purposes of the Bail Redetermination hearing, the Accused Individual will be represented by Appointed Arraignment Counsel in the same manner as applies during the initial Arraignment under paragraphs 31–39 of this Agreement.
- c. At the Bail Redetermination hearing described in this paragraph, the Presiding Officer will inquire into the reasons why the Accused Individual remains detained, and the Accused Individual will be given an opportunity to provide any new or additional information, proffers, or evidence bearing on the question of the amount of Cash Bail that the Accused Individual can afford.
- d. Based on any new information provided at the Bail Redetermination hearing described in this paragraph, as well as the information that was provided at Arraignment, the Presiding Officer shall make a *de novo* determination, consistent with the terms of paragraph 26, as to the amount of Cash Bail that the Accused Individual can afford.
- e. If the Presiding Officer determines that the Accused Individual remains detained because they are not able to pay the amount of Cash Bail that was imposed at Arraignment, the Presiding Officer will reduce the amount of Cash Bail to an amount that is affordable to the Accused Individual, or eliminate the Cash Bail entirely, unless the Presiding Officer makes a determination, under the terms of paragraph 27, that Unaffordable Bail is justified in the Accused Individual's case.
- f. Any factual or legal determinations made at a Bail Redetermination hearing described in this paragraph may be immediately appealed pursuant to MCR 4.401(D) or MCR 6.106(H)(1), as appropriate. Additionally, pursuant to MCR 6.106(H)(2), any factual or legal determinations made at a Bail Redetermination hearing described in this paragraph may be reconsidered *de novo* at any subsequent hearing during the Accused Individual's underlying criminal case.

- g. The fact that a Bail Redetermination hearing is available or has been scheduled under this paragraph shall not by itself constitute a reason for delaying the Accused Individual's next scheduled hearing. If the Accused Individual does not appear for a Bail Redetermination hearing held under this paragraph the Accused Individual shall suffer no adverse consequence, and no Capias Warrant may issue for their non-appearance at the Bail Redetermination hearing.

#### V. PROVISION OF COUNSEL AT ARRAIGNMENTS

- 31. The 36th District Court shall provide access to Appointed Arraignment Counsel for all Accused Individuals who have not retained their own attorney and who do not waive counsel. The Presiding Officer will ensure that any waiver of counsel at Arraignment is knowing, voluntary, and intelligent and that it is on the record. If an Accused Individual waives counsel at Arraignment, the waiver will not extend to any subsequent stage of the criminal proceeding. An Accused Individual who waives counsel upon advisement may request counsel at any subsequent point during the pendency of their case, and such a request will be governed by state and federal law. Accused Individuals may retain a private attorney to represent them at the Arraignment.
- 32. The Parties agree that Appointed Arraignment Counsel shall be given an opportunity to speak privately with each Accused Individual who is to be represented by Appointed Arraignment Counsel prior to their Arraignment. The Parties agree that Appointed Arraignment Counsel shall be given sufficient time with the Accused Individual to review the Accused Individual's financial circumstances, as well as any circumstances that may be relevant to the determination of Cash Bail and other conditions of release. The Parties agree that the appointment of Appointed Arraignment Counsel is not a basis for delaying the Arraignment of Accused Individuals beyond 48 hours of arrest. The Parties anticipate that under current circumstances these expectations will be satisfied by the office of the Indigent Defense Counsel Coordinator for the 36th District Court.
- 33. The 36th District Court shall not charge the Accused Individual any fee, penalty, or levy of any kind for receiving the services of Appointed Arraignment Counsel.
- 34. The Presiding Officer shall permit Appointed Arraignment Counsel a full and adequate opportunity to make arguments including under Michigan law, the United States Constitution, and this Agreement, regarding release and/or the propriety or amount of Cash Bail and its affordability for the Accused Individual, as well as any other Non-Cash Release Conditions.

35. If Pre-Trial Services provides to the Presiding Officer any information, recommendations, or reports regarding bail or release conditions, Appointed Arraignment Counsel shall be provided with the same information and in the same form as provided to the Presiding Officer. If such information is provided to the court in advance of the Arraignment, it shall also be made available to Appointed Arraignment Counsel in advance. This provision will apply equally to Accused Individuals who choose to represent themselves.
36. Prior to serving as Appointed Arraignment Counsel, an attorney must complete at least four hours of specific training regarding the law and terms of bail. Such training must include, at least: instruction regarding the terms of this Agreement; instruction on Michigan bail law including, without limitation, MCR 6.106, and federal constitutional issues relating to bail. The training shall emphasize that this Agreement is not intended to dictate the outcome of any particular Arraignment or Bail Redetermination hearing, but rather to describe the procedures and principles that will be used to guide the lawful and constitutional exercise of the Presiding Officer's discretion when determining whether to impose Cash Bail and the terms upon which to do so. The bail training shall also be required for all appointed defense attorneys in the 36th District Court who are approved to represent Accused Individuals in the 36th District Court under Local Administrative Order 2016-02 (or any successor Administrative Order similar to Administrative Order 2016-02, if any) or who are otherwise serving as appointed defense attorneys in the 36th District Court. For newly approved defense attorneys under Local Administrative Order 2016-02 (or any successor Administrative Order similar to Administrative Order 2016-02, if any) or who are otherwise serving as appointed defense attorneys in the 36th District Court, the training must be completed prior to the effective date of this Agreement or prior to receiving an appointment if completed after the effective date of this Agreement. For defense attorneys previously approved under Local Administrative Order 2016-02 (or any successor Administrative Order similar to Administrative Order 2016-02, if any) or who otherwise served as appointed defense attorneys in the 36th District Court, the training must be completed prior to the effective date of this Agreement or prior to receiving an appointment if completed after the effective date of this Agreement.
37. Appointed Arraignment Counsel shall be required to receive at least two hours of refresher training on the law and terms of bail every two years.
38. A representative for the 36th District Court and Counsel for Plaintiffs will each have the opportunity to serve as instructors at the bail trainings described in Paragraph 36 during the life of this Agreement. If either the 36th District Court or Counsel for Plaintiffs chooses not to serve as one of the instructors at the bail trainings, the 36th District Court

and Counsel for Plaintiffs will agree to an alternate trainer to take the place of the party who chooses not to participate. The 36th District Court and Counsel for Plaintiffs may agree to identify one trainer on behalf of both Parties. The 36th District Court and Counsel for Plaintiffs will jointly develop or approve a curriculum for the training. The 36th District Court shall make the training materials available in written and electronic format to all Appointed Arraignment Counsel and all attorneys certified to serve as appointed defense counsel in the 36th District Court.

39. Subject to and within 30 days of entry of a stipulated order by the federal district court, as detailed in Section X of this Agreement, or a reasonable time thereafter if additional time is necessary, the 36th District Court will issue an Administrative Order, in the form attached as Appendix 4 or as otherwise approved, providing that this Agreement sets forth terms governing Arraignments and Bail Redetermination hearings to further enhance the 36th District Court's service to the public and providing that this Agreement is available on the 36th District Court's website along with a link, web link, or hyperlink to this Agreement. The Administrative Order will be made available on the 36th District Court's website and, accordingly, will be available to all Appointed Arraignment Counsel and all attorneys certified to serve as appointed defense counsel in the 36th District Court.

## VI. FAILURES TO APPEAR

40. The terms of this paragraph apply only in cases in which the Accused Individual is accused of misdemeanors other than alleged violations of MCL 750.81, 750.82, 750.81a, 750.82a, and 750.11(h). For an Accused Individual's first failure to appear for any court date (other than a trial date) associated with a misdemeanor case at which their attendance is required, the Presiding Officer at the hearing will not issue a warrant for the Accused Individual's arrest. The Presiding Officer will instead automatically reschedule the court date to a date at least 14 days after the date of non-appearance. The 36th District Court will promptly send written notice of the rescheduled court date by mail to the Accused Individual's last known address, and it will also promptly provide notice via text message if the Accused Individual has signed up to receive text message alerts.
41. The Court will continue to utilize a system of text message reminders of court hearings. The Court will provide all Accused Individuals with information regarding signing up for such reminders at their Arraignment. Notice of the availability of text reminders will be posted in the courthouse in prominent locations. The 36th District Court will provide a mechanism at the 36th District Court (such as computer kiosks in the courthouse) by which Accused Individuals can sign up to receive text messages.

42. All of the terms provided in this Agreement for the conduct of Arraignments and Bail Redetermination hearings (including the requirement that counsel be provided) apply with equal force to cases in which an Accused Individual has been arrested or is being held in jail in whole or part because of a Capias Warrant issued by a 36th District Court judge. The Presiding Officer at an Arraignment or Bail Redetermination in any such case shall not be bound by the Capias Bond provided in the Capias Warrant. Rather, the Presiding Officer in a failure-to-appear case shall determine, *de novo*, appropriate release conditions, if any. If Cash Bail is contemplated, the Presiding Officer shall determine whether Cash Bail is appropriate or affordable and, if so, in what amount, in accordance with the terms laid out in paragraphs 25–27.

43. Intentionally left blank.

## VII. RELEASE RATES AND PARTNERSHIP

44. The federal district court shall retain jurisdiction to enforce this Agreement, consistent with the terms laid out in this Section and paragraph 66 of Section IX, for at least three years from the date that the Trial Period described in paragraph 50 ends, except as otherwise provided under the four-month shortening provision described in paragraph 50.h., if applicable, or under the two-year limiting provision described in paragraph 44.a., if applicable. The three-year period, if applicable, shall be extended by three months, up to eight times for a total maximum period of five years, each time that a meeting of the Partnership Working Group is required for the reasons described in paragraphs 51–54. If a Community Partner or federal district court proceeding has been triggered following any of the procedures described below at the time that the federal district court's jurisdiction to enforce this Agreement would otherwise expire, the court's jurisdiction will continue for the earlier of (a) one year following the completion of such proceedings or (b) the end of the fifth year. If the Agreement expires at the end of the fifth year but while a proceeding is still pending before the Community Partner or federal district court, the Community Partner and federal district court will retain jurisdiction to enforce this Agreement with respect to only the specific controversy that triggered the Community Partner or federal district court's involvement. If the Agreement expires at the end of the fifth year but while a proceeding is still pending before the Community Partner or federal district court, the Parties commit to continuing to meet and confer, in the manner described in paragraph 61, about any issues that may arise during the period during which the outstanding controversy is being resolved.

- a. Two-year limiting provision: The federal district court's jurisdiction to enforce the Agreement shall expire after two years instead of three years if, during the first two years, there has been no need to convene a Phase 1 meeting under paragraphs 51 or 53 of the Agreement or a meeting to address a systemic breach

under paragraph 57. If any such meeting has been convened, but the Parties have agreed that the meeting was unnecessary and should carry no consequences under this Agreement, including extending its duration, then the convening of such a meeting would not prevent the Agreement from expiring under this subparagraph. The two-year period contemplated by this limiting provision would commence on the date that the Trial Period described in paragraph 50 ends, unless the length of the Agreement is shortened by four months as provided under paragraph 50.h., in which case the two-year period would commence from the beginning of the Trial Period.

- b. If the 36th District Court has a reasonable basis to believe that Counsel for Plaintiffs have convened a meeting under paragraphs 51–54 or 57, in bad faith or for the sole basis of unfairly denying the 36th District Court the benefit of the two-year limiting provision, the 36th District Court may request by written notice to Counsel for Plaintiffs and the Community Partner, that the Community Partner conduct an investigation to determine whether Counsel for Plaintiffs convened a meeting in bad faith for such a purpose. Notice shall be provided within 7 days of the meeting in question. If the Community Partner is invoked for this purpose, the Parties shall both provide a written statement to the Community Partner describing their respective positions regarding the issue within 14 days of the written notice invoking the Community Partner, with copies to the other party. After receiving the Parties’ position statements, the Community Partner will convene a meeting to confer with the Parties within 14 days of receiving the written statements. The Community Partner may obtain additional information from the Parties as the Community Partner deems necessary to conduct an investigation. Within 21 days of meeting with the Parties, the Community Partner shall produce a written final report to the Parties as to whether the meeting in question was convened in bad faith. If the Community Partner finds that Counsel for Plaintiffs convened the meeting in bad faith, the meeting in question will not have the effect of lengthening the Agreement. The convening of a proceeding before the Community Partner under this subparagraph will not delay or postpone any other requirement or proceeding under this Agreement.
45. The Parties will establish a working group, referred to herein as the “Partnership Working Group,” which will attempt to resolve all disputes regarding the enforcement and implementation of this Agreement in a spirit of good faith and collaboration prior to resorting to other methods of dispute resolution. The Partnership Working Group will be composed of Counsel for the Plaintiffs (or any designated successors thereto), Counsel for the 36th District Court (or any designated successors thereto), the General Counsel for the 36th District Court (or their Deputy General Counsel if so designated), and the Honorable Judge Larry D. Williams (or another judge designated by the Chief Judge of

the 36th District Court in the event that Judge Williams no longer serves as a judge on the 36th District Court or is incapable of serving on the Partnership Working Group).

46. The Parties agree to establish “Release Rates” for each of several “Offense Categories.” Release Rates reflect the percentage of Accused Individuals within each Offense Category if either: (1) the Accused Individual is ordered released with no Cash Bail at either their Arraignment or a Bail Redetermination hearing described in paragraph 30 or (2) Cash Bail has been imposed and Cash Bail has been posted within the latter of 24 hours after their Arraignment or 24 hours after a Bail Redetermination hearing described in paragraph 30. If the Accused Individual is not timely brought before the Presiding Officer for a Bail Redetermination hearing described in paragraph 30, then whether the Accused Individual has been released for purposes of determining the Release Rate shall be based on the time of the Arraignment, and the remedy is limited to the process laid out in paragraphs 51–54. The following additional terms shall govern the Release Rates assessment:
- a. An Accused Individual will be treated as having posted Cash Bail regardless of who posts the Cash Bail, e.g., if a bail bondsman or other third-party posts on the Accused Individual’s behalf.
  - b. The 24-hour period referenced in this paragraph will be calculated from the time that the Arraignment docket during which the Accused Individual was arraigned began. For example, if an Accused Individual is arraigned on a Monday morning Arraignment docket that begins at 9:00 am, the Accused Individual will count as released in the Release Rates if they are not required to post Cash Bail or if necessary posting towards their Cash Bail is made by 9:00 am on Tuesday.
  - c. If the record at the Arraignment or Bail Redetermination hearing establishes that the Accused Individual has deliberately chosen not to post Cash Bail (if any) for reasons other than unaffordability, such an Accused Individual will not be counted in the Release Rates assessment. For example, an Accused Individual who has a detention hold from another jurisdiction, and who therefore states on the record that they have willingly decided not to post Cash Bail that is otherwise affordable, will not count in the Release Rates assessment.
  - d. An Accused Individual who was arrested or held pursuant to a Capias Warrant shall be included in the Offense Category that corresponds to the most serious underlying criminal charge in the case for which a Capias Warrant was issued. However, as to the Misdemeanor Offense Category, for misdemeanor matters that are grouped together for data reporting purposes as described in Appendix 1, the Offense Category shall be based upon the most serious misdemeanor amongst any misdemeanors that may be grouped together. For example, an

Accused Individual who is charged with disorderly conduct, and who is arrested pursuant to a Capias Warrant that was issued because they missed a hearing in their disorderly conduct case, would fall into the Misdemeanor Offense Category described below. As a further example, an Accused Individual who is charged with disorderly conduct and malicious destruction of building \$1,000-\$20,000, and who is arrested pursuant to a Capias Warrant or Capias Warrants on both charges that were issued because they missed a hearing or hearings on both charges, would fall into the Felony Offense Category B described below.

- e. The Release Rates under this Agreement are not intended to dictate the outcome of any particular Arraignment or Bail Redetermination hearing, but rather to provide a tool to assess whether Arraignments and Bail Redetermination hearings are being executed consistent with this Agreement.

47. The following Release Rates and Offense Categories shall apply:

- a. Misdemeanor Offense Category: The Release Rate for Accused Individuals whose most serious charge is listed on Exhibit A to Appendix 1 are in the misdemeanor release rate category, which is 97%.
- b. Felony Offense Category A: The Release Rate for Accused Individuals whose most serious charge is listed on Exhibit C to Appendix 1 but which is not an Excepted Case, is 80%.
- c. Felony Offense Category B: The Release Rate for Accused Individuals whose most serious charge is any felony offense listed on Exhibit F to Appendix 1, or for Accused Individuals whose most serious charge is any felony offense listed on Exhibit E to Appendix 1 but which is not an Excepted Case, is 90%.
- d. The Parties recognize that the legislature may change the law related to the offense categories listed above or create new offenses, and the Parties may propose amendments to Appendix 1 based on any such changes. The Parties will advise each other in writing if and when they become aware of any such legislative changes that they believe may impact this Agreement, and will not unreasonably oppose amendments of this nature. The term "Actual Release Rate" shall mean the percentage of Accused Individuals who have actually been given no Cash Bail or have had their Cash Bail (if any) posted, as calculated under paragraph 46, during a particular reporting period. For clarity, Accused Individuals who remain detained deliberately as described in paragraph 46.c. will not count towards the Actual Release Rate.

e. Redetention Limit. Moreover as to matters included in the above Offense Categories, the Parties intend that it will be rare for Cash Bail to be increased at an Accused Individual's first regularly scheduled hearing before a district court judge (i.e., Probable Cause Conference for felony cases or Pretrial Hearing for misdemeanor cases). If such Cash Bail adjustment occurs, no more than 10% of Accused Individuals subject to such adjustments will be detained for more than 24 hours after the hearing at issue due to a failure to post Cash Bail within 24 hours. This 10% figure shall be referred to as the "Redetention Limit." The "Actual Redetention Rate" will mean the actual rate of redetention. The 24-hour period described in this paragraph shall be determined in the same manner described in paragraph 46.b. The Redetention Limit under this Agreement is not intended to dictate the outcome of any such hearing at which Cash Bail is considered, but rather to provide a tool to assess whether such adjustments, if any, are being executed consistent with this Agreement.

48. Annual Reports. The 36th District Court shall produce an Annual Report, that will be available to the public on the 36th District Court's website, addressing each of the first two years of this Agreement as follows: (1) Year 1: January 1, 2023 – December 31, 2023, unless either this Agreement is reduced by the length of the Trial Period under paragraph 50.h. or the Trial Period terminates on a date later than December 31, 2022, in either case the period covered by Year 1 would be adjusted accordingly; and (2) Year 2: January 1, 2024 – December 31, 2024 subject to adjustment based on the dates covered by Year 1. The 36th District Court shall also produce and publish on their website one post-expiration Annual Report addressing the one-year period after the Agreement expires if the Agreement expires pursuant to paragraph 44.a., if applicable, or if the Agreement expires at the end of the fifth year but while a proceeding is still pending before the Community Partner or federal district court, if applicable. The Annual Reports will be published no later than 75 days from the end of the year in question. The Annual Report shall provide information necessary for the community to understand and evaluate the implementation of this Agreement and, accordingly, each Annual Report shall contain the data identified in Appendix 1 to this Agreement for inclusion in the Annual Report, and the Annual Report will be in the format described in Appendix 1. If an Annual Report is required after the Agreement's expiration pursuant to this paragraph, the requirement of such a report is limited to producing the information set forth in this paragraph as to Annual Reports no later than 1 year and 75 days from the expiration date of the Agreement.

49. Data Reporting. The 36th District Court shall provide a data report to Counsel for Plaintiffs and the Community Partner every other month (i.e., on a bi-monthly basis). Except as otherwise provided in this Agreement, that data provided shall be maintained as confidential by Counsel for Plaintiffs and the Community Partner and not shared with the public. However, Counsel for Plaintiffs may disclose the reported

Actual Release Rates and Actual Redetention Rate to the public. The report shall indicate the Actual Release Rate for each Offense Category and the Actual Redetention Rate. The report shall also include data relied upon by the 36th District Court in assessing the Actual Release Rate and Actual Redetention Rate. Each report shall contain the data identified in Appendix 1 to this Agreement for inclusion in the bi-monthly report, and the bi-monthly report will be in the format described in Appendix 1. The bi-monthly report will include data, as set forth in Appendix 1, for every case in which an Arraignment occurred during the reporting period that contributes to the Actual Release Rate or Actual Redetention Rate calculation, as well as every case in which an Arraignment occurred as the result of the issuance or enforcement of a Capias Warrant. With respect to Arraignments that are included in the bi-monthly report only because they occurred as the result of the issuance or enforcement of a Capias Warrant (i.e., “ST” or “OT” misdemeanors in which a Capias Warrant was enforced), the data reported may be limited as provided in Appendix 1. Any Accused Individual whose Arraignment occurred during a reporting period and more than 48 hours prior to the end of the reporting period shall be included in that period’s Actual Release Rate and Actual Redetention Rate assessment. Accused Individuals who are arraigned less than 48 hours prior to the end of the reporting period and who had no Cash Bail imposed or who have had their Cash Bail (if any) posted will also be included. Accused Individuals who are arraigned less than 48 hours prior to the end of the reporting period and who have not had their Cash Bail (if any) posted will instead be included in the next reporting period. The bi-monthly reports described in this paragraph will cover two full calendar months, beginning on the effective date of this Agreement. Reports shall be provided to Counsel for Plaintiffs and the Community Partner no later than the 15th day of the month following the end of the reporting period (or the first non-holiday business day following the 15th day of the month). For example, the first report would cover the period from September 1, 2022 through October 31, 2022 and would be provided to Counsel for Plaintiffs and the Community Partner by November 15, 2022, and the next report for the period from November 1, 2022 through December 31, 2022 would be due on January 17, 2023.

50. Trial Period. The first two data reporting periods described in paragraph 49, plus any additional reporting periods needed as described in this paragraph, will be referred to as the “Trial Period.” The Trial Period is established in order to allow the Parties to resolve any issues regarding the data that the 36th District Court must provide under paragraph 49 and Appendix 1 of this Agreement. The following terms shall govern the Trial Period:
- a. The Parties will pre-schedule a meeting of the Partnership Working Group to occur within 14 days of the date upon which the first data report is to be provided to Counsel for Plaintiffs. Accordingly, in the timing example given

in paragraph 49, the Partnership Working Group meeting to discuss data would occur no later than November 29, 2022, i.e., fourteen days after the first data report is due on November 15, 2022. The goal of the meeting described in this subparagraph will be to ensure that the data reported for the next reporting period is compliant with this Agreement. At that meeting, the Parties will strive to resolve any issues relating to the collection and reporting of data. At that meeting, the Parties will also discuss the available data to assess whether any offenses should be moved between Offense Categories, or whether new Offense Categories (and Release Rates) should be created. Plaintiffs will not unreasonably oppose adjustments of this nature.

- b. If the Parties agree that issues (if any) relating to the reporting of data have been resolved in the data report following the first Partnership Working Group meeting (in other words, if the second data report is compliant with this Agreement), then the Trial Period will terminate. The remainder of the provisions in this Agreement relating to the full implementation of Release Rates and the Redetention Limit will then become effective for the dates covered by the next reporting period, and the timeline for the duration of this Agreement will start on the first day of the next reporting period, except as otherwise provided under paragraph 50.h., if applicable. To continue the example described above, if the 36th District Court provides a data report on January 17, 2023 (covering data from November and December) and the data report is compliant with this Agreement, the Release Rates and Redetention Limit provisions of this Agreement would become fully implemented as described below beginning in January 2023, and the duration of this Agreement as set forth in paragraph 44 would be determined based on a start date of January 1, 2023.
- c. If Counsel for Plaintiffs have concerns about the data provided during the second reporting period, they shall raise their concerns with the 36th District Court in writing within 14 days of receiving the report. The Parties shall subsequently schedule another meeting of the Partnership Working Group to resolve any outstanding issues. If any outstanding issues cannot be resolved by consent of the Partnership Working Group, then either party may invoke the involvement of the Community Partner described below by written notice to the Community Partner and the other party. It is the stated goal of both Parties that invoking the Community Partner will be unnecessary, and it is the intent of the Parties to invoke the Community Partner only if it has become impossible for the Parties to resolve significant issues in good faith.
- d. If the Community Partner is invoked during the Trial Period, the Parties shall both provide a written statement to the Community Partner describing their

respective positions regarding concerns with the data reports within 14 days of the written notice invoking the Community Partner, with copies to the other party. After receiving the Parties' position statements, the Community Partner will convene a meeting to confer with the Parties. The Community Partner may obtain additional information from the Parties as the Community Partner deems necessary to conduct an investigation, which may include but need not be limited to, files and access to Court personnel. Within 21 days of meeting with the Parties, the Community Partner shall produce a written final report to the parties as to whether the 36th District Court's data reports are in compliance with this Agreement including Appendix 1. The Community Partner's written final report shall include recommendations for achieving compliance with reporting terms if the Community Partner determines that the terms are not being met.

- e. The Parties shall be required to follow the recommendations of the Community Partner's written final report unless either party files a motion with the federal district court within 14 days of receiving the Community Partner's written final report, objecting to the Community Partner's recommendations. The bases for objections to the Community Partner's written final report will be limited to whether its recommendations are unlawful, unconstitutional, would result in unreliable and unusable data reports, or are contrary to the terms of this Agreement. Counsel for Plaintiffs will be entitled to an award of reasonable attorney's fees if the federal district court rules for the Plaintiffs in any proceeding provided by this subparagraph for time spent in relation to the issue(s) upon which Plaintiffs prevailed from the time that the issue(s) was raised to the Community Partner through the federal district court ruling.
- f. If the Community Partner has become involved in resolving disputes about the data reports, and if the Community Partner makes recommendations for changes to the substance or the manner of reporting, then the Community Partner shall notify the parties in writing, within 14 days after each report, whether they have determined that the report is in compliance with their recommendations. Once the Community Partner makes such a determination, the Trial Period will be treated as having ended at the beginning of the next reporting period.
- g. If the federal district court has become involved in resolving disputes about the data reports under paragraph 50.e., the same rules described above for determining when the Trial Period terminates shall apply, except that if the federal district court rules in favor of a party objecting to the Community

Partner's written final report, then the federal district court shall determine when a compliant report has been submitted.

- h. During the Trial Period, the Release Rates and Redetention Limit implementation mechanism described in paragraphs 51–54 will not apply, but all other provisions of this Agreement will be in full effect. The expectation of the Parties is that the 36th District Court will meet or exceed the Release Rates and the Redetention Limit during the Trial Period even though the implementation mechanism for addressing the rates will not yet have taken effect, and even though unresolved data reporting issues may make it difficult to confirm the actual rates. In any reporting period during the Trial Period in which Counsel for Plaintiffs believes that the data indicates that the Release Rates or the Redetention Limit do not appear to have been met, the Partnership Working Group will convene a meeting consistent with the terms described in paragraphs 51 or 53 to resolve any apparent issues, except that the convening of such a meeting will not prolong the duration of this Agreement or result in a Phase 2 meeting as described in paragraphs 52 or 54. If, at the end of the Trial Period, the Parties agree that the 36th District Court has provided data demonstrating that it met or exceeded the Release Rates and the Redetention Limit during the Trial Period, then the length of this Agreement will be reduced by the length of the Trial Period. Continuing the example above in paragraph 50.b., if the Parties agree on January 17 that all outstanding data issues have been resolved and that the 36th District Court met or exceeded the Release Rates and the Redetention Limit during the period of September 2022 through October 2022 and the period of November 2022 through December 2022, then the three-year baseline duration of this Agreement, as provided in paragraph 44, will be shortened by four months.

51. Phase 1 Meeting – Release Rates. In any reporting period after the Trial Period in which the 36th District Court either: (1) falls below any of the Release Rates by more than 2%; (2) falls below the same Release Rate by any amount for the second time in three consecutive reporting periods; or (3) fails to report data necessary to determine whether Release Rates have been met, a meeting of the Partnership Working Group will convene within three weeks of Counsel for Plaintiffs providing written notice to the 36th District Court that a Phase 1 meeting has been triggered as well as the basis for the Phase 1 meeting. Such notice must be provided within 14 days after receipt of the data report at issue. The following terms shall govern Phase 1 meetings:

- a. At the meeting, the representatives of the 36th District Court will present and discuss their position regarding Counsel for Plaintiffs' basis for the convening of the Phase 1 meeting. If the Parties agree that the Actual Release Rates are less than the Release Rates, the 36th District Court will come to the meeting

prepared to discuss its understanding of the reasons. The 36th District Court will provide, upon written request by Counsel for Plaintiffs, the Phase 1 Meeting Data for the reporting period at issue. Only the 36th District Court shall be permitted to share such data with any person other than members of the Partnership Working Group. However, Counsel for Plaintiffs may share such data, as well as all of the data included in any relevant bi-monthly reports, with individuals outside of the Partnership Working Group, if such individuals and Counsel for Plaintiffs sign the non-disclosure agreement provided in Appendix 2 and if the purpose of the consultation is to verify or better understand the causes and solutions for the missed Release Rate(s). If such data is disclosed pursuant to such a non-disclosure agreement, Counsel for Plaintiffs will provide written notice to the 36th District Court 24 hours prior to the disclosure unless the disclosure is made to an employee of one of the organizations which employs Counsel for Plaintiffs.

- b. The Partnership Working Group will attempt to reach consensus in the same spirit of good faith and collaboration which governed the negotiation of this Agreement as to an appropriate way to deal with any issues that are identified. The Partnership Working Group may, by consensus, agree to do any combination of the following or other appropriate measures: (1) agree that the Phase 1 meeting was unnecessary and that the meeting shall carry no consequence under this Agreement, including extending the duration of the Agreement; (2) excuse the Release Rate issue, such that it shall carry no consequence under this Agreement, including extending the duration of the Agreement; (3) include the Phase 1 Meeting Data as part of future bi-monthly reports; (4) collect additional data beyond Phase 1 Meeting Data and include such data in future bi-monthly reports; (5) make changes or modifications to Court operations at the 36th District Court; and (6) adjust Release Rates and Offense Categories. Such consensus shall be recorded and approved in writing by the Partnership Working Group.
- c. If the Partnership Working Group reaches a consensus on an appropriate way to deal with the issues that are identified in a meeting convened under this paragraph, then the Phase 1 meeting will be referred to as having been mutually resolved by the Parties, and the 36th District Court will provide Counsel for Plaintiffs with reasonable information sufficient to confirm that the consensus approach has been implemented within a reasonable time period agreed upon by the Parties. If a mutual resolution has been reached and implemented, then a Phase 2 meeting resulting from missed Release Rates may occur only if the 36th District Court falls below any of the Release Rates in any of the subsequent two reporting periods as described in paragraph 52, unless the Parties agree to a different arrangement given the agreed upon

mutual resolution, for example if the mutual resolution requires significant time or third party involvement to implement. If the Partnership Working Group does not reach a consensus on an appropriate way to deal with the issues that are identified in a meeting convened under this paragraph, then a Phase 2 meeting may occur only if the 36th District Court falls below any of the Release Rates in any of the subsequent three reporting periods as described in paragraph 52.

- d. Other than the potential of a Phase 2 meeting, there is no additional remedy available under this Agreement as the result of a Phase 1 meeting.

52. Phase 2 Meeting – Release Rates. After the Trial Period, if the 36th District Court falls below any of the Release Rates in a subsequent reporting period as detailed in paragraph 51.c., or fails to report data necessary to determine whether Release Rates have been met for a reporting period that occurs within three reporting periods of the one that triggered a meeting under paragraph 51, a Phase 2 meeting of the Partnership Working Group will convene. The Phase 2 meeting will convene within three weeks of Counsel for Plaintiffs providing written notice to the 36th District Court that a Phase 2 meeting has been triggered as well as the basis for the Phase 2 meeting. Such notice must be provided within 14 days after receipt of the data report at issue. A Phase 2 meeting shall proceed as follows:

- a. At the meeting, the representatives of the 36th District Court will present and discuss their position regarding Counsel for Plaintiffs' basis for the convening of the Phase 2 meeting. If the Parties agree that the Actual Release Rates are less than the Release Rates, the 36th District Court will come to the meeting prepared to discuss its understanding of the reasons. The 36th District Court will provide, upon written request by Counsel for Plaintiffs, the Phase 1 Meeting Data for the reporting period at issue. Counsel for Plaintiffs may share such data, as well as all of the data included in any relevant bi-monthly reports, with individuals outside of the Partnership Working Group if such individuals and Counsel for Plaintiffs sign the non-disclosure agreement provided in Appendix 2 and if the purpose of the consultation is to verify or better understand the causes and solutions for the missed Release Rate(s). If such data is disclosed pursuant to such a non-disclosure agreement, Counsel for Plaintiffs will provide written notice to the 36th District Court 24 hours prior to the disclosure unless the disclosure is made to an employee of one of the organizations which employs Counsel for Plaintiffs.
- b. The Partnership Working Group will attempt to reach consensus in the same spirit of good faith and collaboration which governed the negotiation of this Agreement as to an appropriate way to deal with any issues that are identified.

The Partnership Working Group may, by consensus, agree to do any combination of the following or other appropriate measures: (1) agree that the Phase 2 meeting was unnecessary and that the meeting shall carry no consequence under this Agreement, including extending the duration of the Agreement; (2) excuse the Release Rate issue, such that it shall carry no consequence under this Agreement, including extending the duration of the Agreement; (3) include the Phase 1 Meeting Data as part of future bi-monthly reports; (4) collect additional data beyond Phase 1 Meeting Data and include such data in future bi-monthly reports; (5) make changes or modifications to Court operations at the 36th District Court; and (6) adjust Release Rates and Offense Categories. Such consensus shall be recorded and approved in writing by the Partnership Working Group.

- c. If the Partnership Working Group does not reach consensus on an appropriate way to address the Release Rate(s) at issue, Counsel for Plaintiffs may invoke the involvement of the Community Partner described in paragraph 55 by written notice to the Community Partner and the 36th District Court. It is the stated goal of both Parties that invoking the Community Partner in this manner will be unnecessary, and it is the intent of the Parties to invoke the Community Partner in this manner only if it has become impossible for the Parties to resolve significant issues in good faith.
- d. If the Plaintiffs invoke the Community Partner under this paragraph, the Community Partner will have 45 days to conduct a detailed study of the 36th District Court's compliance with the terms of this Agreement. The Community Partner's study may include, but need not be limited to, (1) a review of the data reports at issue, (2) a review of cases in which Accused Individuals were unable to post Cash Bail within 24 hours, and (3) unannounced attendance at Arraignments. The Community Partner may obtain additional information from the Parties as the Community Partner deems necessary to conduct an investigation, which may include, but need not be limited to, files and access to Court personnel. The Community Partner shall produce a written initial report to the Parties detailing the Community Partner's findings regarding the 36th District Court's compliance with this Agreement and making recommendations (if any) as to the steps the 36th District Court should take. In formulating recommendations, the Community Partner will focus on the Parties' intent, including as stated in paragraph 5 of this Agreement, and the Release Rates.
- e. After the Parties receive the Community Partner's written initial report, they will schedule a meeting of the Partnership Working Group with the Community Partner within 21 days of receiving the written initial report. The

Parties may submit to the Community Partner and exchange written responses to the initial report prior to the meeting discussed in this subparagraph. At this meeting, the Parties may agree, by consensus, to reject any recommendations contained in the Community Partner's written initial report, and the Community Partner's written final report must reflect the Parties' consensus as to any rejected recommendations. The Community Partner shall be permitted, but is not required, to make additional changes to the findings and recommendations on issues about which the Partnership Working Group is not in consensus. Based on the discussion at a meeting convened under this subparagraph and the Parties' written responses (if any), the Community Partner will have 21 days from the date of the meeting to produce a written final report. The Community Partner may, but need not, address the need or want by any party to release the written final report to the public as well as any of the underlying data. The Community Partner's views on release of information issues are non-binding.

- f. After the Parties receive the written final report, either party may disclose to third parties or the public the written final report, or information described in Appendix 1 from the reporting periods that triggered the Phase 1 and Phase 2 meetings at issue, that is reasonably related to the issues that triggered the meetings at issue if, in their own judgment, doing so will promote the purposes of this Agreement. If Counsel for Plaintiffs intend to make such a disclosure, they will provide written notice about the intended disclosures and the scope of such disclosures via email to the 36th District Court and the Community Partner five business days prior to disclosing such information, and shall give serious consideration to any objections to such disclosures, including by participating in a telephone or video meeting during the five-day period to discuss the issue with the 36th District Court and the Community Partner upon request.
- g. The Parties shall be required to follow the recommendations of the Community Partner's written final report (except for any recommendations regarding making the written final report public as well as any of the underlying data), which will become mandatory and enforceable by the federal district court in 21 days, unless either party files a motion with the federal district court within 21 days of receiving the Community Partner's written final report, objecting to its recommendations. The bases for objections to the Community Partner's written final report will be limited to whether its recommendations are unlawful, unconstitutional, or contrary to the terms of this Agreement. Counsel for Plaintiffs will be entitled to an award of reasonable attorney's fees if the federal district court rules for the Plaintiffs and against the 36th District Court in any proceeding provided by this

subparagraph for time spent in relation to the issue(s) upon which Plaintiffs prevailed from the time that the issue(s) was raised to the Community Partner through the federal district court ruling.

- h. Subject to paragraph 44, during any period of time in which the Community Partner or federal district court has been invoked under this paragraph, the 36th District Court shall continue to provide the bi-monthly reports described in paragraph 49, and it shall also provide copies of the reports to the federal district court if it has become involved and if the federal district court so orders. Subject to paragraph 44, the Partnership Working Group shall continue to meet, as described in paragraphs 51–54, 56, 57, and 58, in response to any reporting period in which a meeting is otherwise triggered under those paragraphs. The Community Partner shall attend any such meetings.

53. Phase 1 Meeting – Redetention Limit. In any reporting period after the Trial Period in which the 36th District Court either: (1) exceeds the Redetention Limit by more than 2%; (2) exceeds the Redetention Limit for the second time in three consecutive reporting periods; or (3) fails to report data necessary to determine whether the Redetention Limit has been met, a meeting of the Partnership Working Group will convene within three weeks of Counsel for Plaintiffs providing written notice to the 36th District Court that a Phase 1 meeting has been triggered as well as the basis for the Phase 1 meeting. Such notice shall be provided within 14 days after receipt of the data report at issue. The following terms shall govern Phase 1 meetings:

- a. At the meeting, the representatives of the 36th District Court will present and discuss their position regarding Counsel for Plaintiffs’ basis for the convening of the Phase 1 meeting. If the Parties agree that the Actual Redetention Rate is greater than the Redetention Limit, the 36th District Court will come to the meeting prepared to discuss its understanding of the reasons. The 36th District Court will provide, upon written request by Counsel for Plaintiffs, the Phase 1 Meeting Data for the reporting period at issue. Only the 36th District Court shall be permitted to share such data with any person other than members of the Partnership Working Group. However, Counsel for Plaintiffs may share such data, as well as all of the data included in any relevant bi-monthly reports, with individuals outside of the Partnership Working Group, if such individuals and Counsel for Plaintiffs sign the non-disclosure agreement provided in Appendix 2 and if the purpose of the consultation is to verify or better understand the causes and solutions for the missed Redetention Limit. If such data is disclosed pursuant to such a non-disclosure agreement, Counsel for Plaintiffs will provide written notice to the 36th

District Court 24 hours prior to the disclosure unless the disclosure is made to an employee of one of the organizations which employs Counsel for Plaintiffs.

- b. The Partnership Working Group will attempt to reach consensus in the same spirit of good faith and collaboration which governed the negotiation of this Agreement as to an appropriate way to deal with any issues that are identified. The Partnership Working Group may, by consensus, agree to do any combination of the following or other appropriate measures: (1) agree that the Phase 1 meeting was unnecessary and that the meeting shall carry no consequence under this Agreement, including extending the duration of the Agreement; (2) excuse the Redetention Limit issue, such that it shall carry no consequence under this Agreement, including extending the duration of the Agreement; (3) include the Phase 1 Meeting Data as part of future bi-monthly reports; (4) collect additional data beyond Phase 1 Meeting Data and include such data in future bi-monthly reports; (5) make changes or modifications to Court operations at the 36th District Court; and (6) adjust the Redetention Limit. Such consensus shall be recorded and approved in writing by the Partnership Working Group.
- c. If the Partnership Working Group reaches a consensus on an appropriate way to deal with the issues that are identified in a meeting convened under this paragraph, then the Phase 1 meeting will be referred to as having been mutually resolved by the Parties, and the 36th District Court will provide Counsel for Plaintiffs with reasonable information sufficient to confirm that the consensus approach has been implemented within a reasonable time period agreed upon by the Parties. If a mutual resolution has been reached and implemented, then a Phase 2 meeting resulting from a missed Redetention Limit may occur only if the 36th District Court exceeds the Redetention Limit in any of the subsequent two reporting periods as described in paragraph 54 unless the Parties agree to a different arrangement given the agreed upon mutual resolution, for example if the mutual resolution requires significant time or third party involvement to implement. If the Partnership Working Group does not reach a consensus on an appropriate way to deal with the issues that are identified in a meeting convened under this paragraph, then a Phase 2 meeting may occur only if the 36th District Court exceeds the Redetention Limit in any of the subsequent three reporting periods as described in paragraph 54.
- d. Other than the potential of a Phase 2 meeting, there is no additional remedy available under this Agreement as the result of a Phase 1 meeting.

54. Phase 2 Meeting – Redetention Limit. After the Trial Period, if the 36th District Court exceeds the Redetention Limit in a subsequent reporting period as detailed in paragraph 53.a., or fails to report data necessary to determine whether the Redetention Limit has been met for a reporting period that occurs within two reporting periods of the one that triggered a meeting under paragraph 53, a Phase 2 meeting of the Partnership Working Group will convene. The Phase 2 meeting will convene within three weeks of Counsel for Plaintiffs providing written notice to the 36th District Court that a Phase 2 meeting has been triggered as well as the basis for the Phase 2 meeting. Such notice must be provided within 14 days after receipt of the data report at issue. A Phase 2 meeting shall proceed as follows:

- a. At the meeting, the representatives of the 36th District Court will present and discuss their position regarding Counsel for Plaintiffs’ basis for the convening of the Phase 2 meeting. If the Parties agree that the Actual Redetention Rate is greater than the Redetention Limit, the 36th District Court will come to the meeting prepared to discuss its understanding of the reasons. The 36th District Court will provide, upon written request by Counsel for Plaintiffs, the Phase 1 Meeting Data for the reporting period at issue. Counsel for Plaintiffs may share such data, as well as all of the data included in any relevant bi-monthly reports, with individuals outside of the Partnership Working Group if such individuals and Counsel for Plaintiffs sign the non-disclosure agreement provided in Appendix 2 and if the purpose of the consultation is to verify or better understand the causes and solutions for the missed Redetention Limit. If such data is disclosed pursuant to such a non-disclosure agreement, Counsel for Plaintiffs will provide written notice to the 36th District Court 24 hours prior to the disclosure unless the disclosure is made to an employee of one of the organizations which employs Counsel for Plaintiffs.
- b. The Partnership Working Group will attempt to reach consensus in the same spirit of good faith and collaboration which governed the negotiation of this Agreement as to an appropriate way to deal with any issues that are identified. The Partnership Working Group may, by consensus, agree to do any combination of the following or other appropriate measures: (1) agree that the Phase 2 meeting was unnecessary and that the meeting shall carry no consequence under this Agreement, including extending the duration of the Agreement; (2) excuse the Redetention Limit issue, such that it shall carry no consequence under this Agreement, including extending the duration of the Agreement; (3) include the Phase 1 Meeting Data as part of future bi-monthly reports; (4) collect additional data beyond Phase 1 Meeting Data and include such data in future bi-monthly reports; (5) make changes or modifications to Court operations at the 36th District Court; and (6) adjust the Redetention

Limit. Such consensus shall be recorded and approved in writing by the Partnership Working Group.

- c. If the Partnership Working Group does not reach consensus on an appropriate way to address the missed Redetention Limit at the Phase 2 meeting, a follow-up meeting will be held within two weeks of the Phase 2 meeting with the Chief Judge of the 36th District Court. If the missed Redetention Limit appears to be attributable primarily to a specific Presiding Officer or Presiding Officers, the Chief Judge will take appropriate measures to address the issue.
- d. If the Parties are still unable to resolve any issues involving the Redetention Limit following the procedures described above, Counsel for Plaintiffs may invoke the involvement of the Community Partner as described in paragraph 55 by written notice to the Community Partner and the 36th District Court. It is the stated goal of both Parties that invoking the Community Partner will be unnecessary, and it is the intent of the Parties to invoke the Community Partner only if it has become impossible for the Parties to resolve significant issues in good faith.
- e. If Counsel for Plaintiffs invoke the Community Partner under this paragraph, the Community Partner will have 45 days to conduct a detailed study of the 36th District Court's compliance with the terms of this Agreement. The Community Partner's study may include, but need not be limited to, (1) a review of the data reports at issue, (2) a review of cases resulting in redetention, and (3) unannounced attendance at probable cause conferences in felony cases and pretrial hearings in misdemeanor cases. The Community Partner may obtain additional information from the Parties as the Community Partner deems necessary to conduct an investigation, which may include, but need not be limited to, files and access to Court personnel. The Community Partner shall produce a written initial report to the Parties detailing the Community Partner's findings regarding the 36th District Court's compliance with this Agreement and making recommendations (if any) as to the steps the 36th District Court should take. In formulating recommendations, the Community Partner will focus on the Parties' intent, including as stated in paragraph 5 of this Agreement, and the Redetention Limit.
- f. After the Parties receive the Community Partner's written initial report, they will schedule a meeting of the Partnership Working Group with the Community Partner within 21 days of receiving the written initial report. The Parties may submit to the Community Partner and exchange written responses to the written initial report prior to the meeting discussed in this subparagraph. At this meeting, the Parties may agree, by consensus, to reject any

recommendations contained in the Community Partner's written initial report, and the Community Partner's written final report must reflect the Parties' consensus as to any rejected recommendations. The Community Partner shall be permitted, but is not required, to make additional changes to the findings and recommendations on issues about which the Partnership Working Group is not in consensus. Based on the discussion at a meeting convened under this subparagraph and the Parties' written responses (if any), the Community Partner will have 21 days from the date of the meeting to produce a written final report. The Community Partner may, but need not, address the need or want by any party to release the written final report to the public as well as any of the underlying data. The Community Partner's views on release of information issues are non-binding.

- g. After the Parties receive the written final report, either party may disclose to third parties or the public the written final report, or information described in Appendix 1 from the reporting periods that triggered the Phase 1 and Phase 2 meetings at issue, that is reasonably related to the issues that triggered the meetings at issue if, in their own judgment, doing so will promote the purposes of this Agreement. If Counsel for Plaintiffs intend to make such a disclosure, they will provide written notice about the intended disclosures and the scope of such disclosures via email to the 36th District Court and the Community Partner five business days prior to disclosing such information, and shall give serious consideration to any objections to such disclosures, including by participating in a telephone or video meeting during the five-day period to discuss the issue with the 36th District Court and the Community Partner upon request.
- h. The Parties shall be required to follow the recommendations of the Community Partner's written final report (except for any recommendations regarding making the written final report public as well as any of the underlying data). However, the written final report will not be subject to review or enforcement by the federal district court.
- i. Subject to paragraph 44, during any period of time in which the Community Partner has been invoked under this paragraph, the 36th District Court shall continue to provide the bi-monthly reports described in paragraph 49. Subject to paragraph 44, the Partnership Working Group shall continue to meet, as described in paragraphs 51–54, 56, 57, and 58, in response to any reporting period in which a meeting would otherwise be triggered under those paragraphs. The Community Partner shall attend any such meetings.

55. Community Partner – General.

- a. The Community Partner is Saul Green. The Community Partner will be compensated as described in the retention agreement attached to this Agreement as Appendix 3. In addition, during any period in which the Community Partner has been invoked, the Community Partner will be permitted to rely upon the assistance of others consistent with the retention agreement attached as Appendix 3. The Community Partner and his colleague(s) shall not share the data they obtain except as provided in this Agreement and through the provision of any written reports called for by this Agreement. If the Community Partner is unable to serve, the Parties will meet and confer as promptly as possible, but no later than two weeks after learning of the Community Partner's inability to serve. A party's disagreement with the decisions rendered by the Community Partner is not a basis for asserting that the Community Partner is unable to serve.
- b. If the Parties are unable to agree upon the necessity for a replacement Community Partner or the identity of a replacement Community Partner, then the Parties shall file a notice with the federal district court advising it of the issue, and each party shall file a list of up to two individuals who are able and willing to serve as a replacement Community Partner, along with an explanation of those individuals' qualifications. The federal district court shall then determine whether a replacement Community Partner is needed due to the Community Partner's inability to serve, and if so, select a replacement Community Partner from the lists submitted by the Parties.
- c. If the Community Partner (or any replacement serving in that role) has been invoked under this Agreement and determines that either party is not cooperating with their efforts to conduct the necessary analysis and investigation, the Community Partner shall provide notice to the Parties of the issue. If the issue is not addressed to the Community Partner's satisfaction within 14 days (or a longer time if authorized by the Community Partner), the Community Partner may file a notice informing the federal district court of the issue. Upon filing of the notice, the federal district court will set a status conference for the Community Partner and the Parties to discuss the issue and to set a briefing schedule (if needed). After briefing (if any) by both Parties on the issue, the federal district court may order all appropriate relief consistent with the terms of this Agreement, which shall not include attorney's fees or costs for either party.
- d. The Community Partner may communicate directly on an *ex parte* basis with either Party as the Community Partner deems necessary or appropriate. The Parties intend that the Community Partner's ability to have such communications is likely to render the Community Partner's work more

efficient in addressing any issues that may arise. However, if after the Community Partner obtains information via an *ex parte* communication that could be reasonably in dispute between the Parties and which the Community Partner expects to rely upon to resolve any dispute under paragraphs 50, 52, 54, 57, or 66, the Community Partner will promptly provide the other party with notice, along with a description of the relevant information obtained through the *ex parte* communication and an opportunity to respond to that information within a reasonable time to be specified by the Community Partner before relying on such information in a written report. Each party shall designate in writing a contact person to whom the Community Partner should reach out to initiate *ex parte* contact.

56. If the Community Partner has been invoked pursuant to paragraph 50, 52, 54, or 57, and finds cause to believe within the first 30 days of investigation that Counsel for Plaintiffs have invoked the relevant meetings with the Community Partner in bad faith or for the sole purposes of either baselessly extending the Agreement or imposing the financial costs of the proceeding upon the 36th District Court, the Community Partner shall provide the Parties with written notice of the Community Partner's belief and a succinct statement of the basis for such belief. The issuance of such notice shall stay the relevant proceeding before the Community Partner, and the Parties will have 14 days from the issuance of the notice to provide the Community Partner with written position statements, with copies to the other party, regarding the proposed finding of bad faith. If after reviewing the Parties' position statements, the Community Partner concludes that Counsel for Plaintiffs have invoked the proceeding in bad faith or for the sole purposes of either baselessly extending the Agreement or imposing the financial costs of the proceeding upon the 36th District Court, the Community Partner shall issue a brief written explanation of their findings. Once the Community Partner issues the findings, the proceeding will end and any further procedures described in paragraphs 50, 52, 54, and 57 will be unavailable for the proceeding in question. Such a finding will have no impact on future meetings or Community Partner proceedings. Alternatively, if after reviewing the Parties' position statements, the Community Partner concludes that Counsel for Plaintiffs did not invoke the proceeding in bad faith or for the sole purpose of either baselessly extending the Agreement or imposing the financial costs of the proceeding upon the 36th District Court, the Community Partner shall provide the Parties with written notice of such finding. Issuance of such a notice will lift the stay of the proceeding before the Community Partner, which will continue as otherwise provided in this Agreement.

57. Other Violations. Enforcement of the Release Rates and the Redetention Limit (as provided in paragraphs 51–54) is the exclusive mechanism by which the substantive and procedural provisions of paragraphs 25–30 of this Agreement are to be enforced,

except as to the application of those provisions towards Excepted Cases. If Counsel for Plaintiffs become aware of systemic violations of paragraphs 31–43,<sup>3</sup> or systemic failures to follow the procedures provided in paragraphs 25–30 in Excepted Cases,<sup>4</sup> that Counsel for Plaintiffs have reason to believe were caused by or can be remedied through the involvement of the 36th District Court, Counsel for Plaintiffs will provide written notice to the 36th District Court that a meeting has been triggered under this paragraph and the basis for believing that a systemic violation has occurred or is occurring. The Partnership Working Group will convene a meeting within three weeks of Counsel for Plaintiffs providing such written notice. A meeting under this paragraph shall be convened only if Counsel for Plaintiffs receives credible information indicating a substantial likelihood that a systemic breach of the terms of paragraphs 31–43, or the terms of paragraphs 25–30 as they pertain to Excepted Cases, has occurred. To provide guidance, the parties intend the term “systemic breach” to mean circumstances that result in the same material term or terms being violated repeatedly in more than one day out of a particular month or circumstances in which there is otherwise a consistent pattern of violations. Isolated instances in which a particular term or terms were not fully followed (including an isolated day in which the terms were not followed) will not constitute a proper basis for a meeting under this paragraph. If Counsel for Plaintiffs receive credible information indicative of a non-systemic breach of the terms of this Agreement described above, they may convene a meeting under paragraph 61. A meeting convened under this paragraph will not lengthen the duration of this Agreement. The following terms shall govern a meeting convened under this paragraph:

- a. The Partnership Working Group will attempt to reach consensus in the same spirit of good faith and collaboration which governed the negotiation of this Agreement as to an appropriate way to deal with any issues that are identified. If the Parties agree that a systemic violation of the Agreement has occurred or agree to resolve the alleged issue without determining whether a systemic violation has occurred, the Partnership Working Group may, by consensus,

---

<sup>3</sup> Nothing in this paragraph prevents Counsel for Plaintiffs from invoking this paragraph to address any systemic violations of paragraph 42, if the alleged systemic violation consists of a failure to follow the procedures in paragraphs 25–27 during arraignments on Capias Warrants.

<sup>4</sup> It is understood that there is no numerical Release Rate for Excepted Cases, but that such cases shall still be analyzed individually and consistent with the procedures set forth in paragraphs 25–30.

agree to do any combination of the following or other appropriate measures: (1) agree that the meeting was unnecessary and that the meeting shall carry no consequence under this Agreement; (2) excuse the issue(s) such that it shall carry no consequence under this Agreement; (3) determine that the issue(s) was caused by an isolated instance that is not ongoing, such that it shall carry no consequence under this Agreement; (4) collect additional data and include such data in future bi-monthly reports; and (5) make changes or modifications to Court operations at the 36th District Court. Such consensus shall be recorded and approved in writing by the Partnership Working Group. If the Parties agree that the issues in question have not been caused by the 36th District Court's action or inaction, the Parties will agree to work together for a period of at least 30 days to try to reach a mutually agreeable solution prior to invoking the Community Partner.

- b. If the Parties cannot resolve the issue(s) identified under this paragraph, either party may invoke the Community Partner by providing written notice to both the Community Partner and the other party. Such notice shall be provided within 14 days of the meeting described in subparagraph a. unless the Parties have agreed that the issue has not been caused by the 36th District Court's action or inaction, in which case notice shall be provided within 14 days of the expiration of the period in which to seek a mutually agreeable solution. It is the stated goal of both Parties that invoking the Community Partner will be unnecessary, and it is the intent of the Parties to invoke the Community Partner only if it has become impossible for the Parties to resolve significant issues in good faith.
- c. If the Community Partner is invoked, the Parties shall both provide a written statement to the Community Partner describing their respective positions on the issue(s) identified within 21 days of the written notice invoking the Community Partner, with copies to the other party. After receiving the Parties' position statements, the Community Partner may obtain additional information from the Parties, as the Community Partner deems necessary to conduct an investigation, which may include, but need not be limited to, files and access to Court personnel. Within 30 days of receiving the Parties' position statements, the Community Partner shall produce an initial written report to the Parties detailing the Community Partner's findings regarding whether a systemic violation of this Agreement has occurred, and, if so, recommending appropriate measures to address the systemic violation (if any).
- d. After the Parties receive the Community Partner's written initial report, they will schedule a meeting of the Partnership Working Group with the

Community Partner within 21 days of receiving the written initial report. The Parties may submit to the Community Partner and exchange written responses to the initial report prior to the meeting discussed in this subparagraph. At this meeting, the Parties may agree, by consensus, to reject any recommendations contained in the Community Partner's written initial report, and the Community Partner's written final report must reflect the Parties' consensus as to any rejected recommendations. The Community Partner shall be permitted, but is not required, to make additional changes to the findings and recommendations on issues about which the Partnership Working Group is not in consensus. Based on the discussion at a meeting convened under this subparagraph and the Parties' written responses (if any), the Community Partner will have 21 days from the date of the meeting to produce a written final report.

- e. The Parties shall be required to follow the recommendations of the Community Partner's written final report, unless either party files a motion with the federal district court, within 21 days of receiving the Community Partner's written final report, objecting to the Community Partner's recommendations. The bases for objections to the Community Partner's written final report will be limited to whether its recommendations are unlawful, unconstitutional, or contrary to the terms of this Agreement. Counsel for Plaintiffs will be entitled to an award of reasonable attorney's fees if the federal district court rules for the Plaintiffs in any proceeding provided by this subparagraph for time spent in relation to the issue(s) upon which Plaintiffs prevailed from the time that the issue(s) was raised to the Community Partner through the federal district court ruling.

58. A Partnership Working Group meeting convened to address one issue under this Agreement may also address any other issue that would independently require a meeting and for which notice has been provided under this Agreement.

59. The Partnership Working Group will make every effort to comply with all of the timing requirements for conducting meetings described above. However, if scheduling difficulties make it impractical to convene a meeting within the precise time provided, the meeting will occur at the earliest possible mutually convenient time, and any deadlines triggered by the meeting will apply from the date of the actual meeting. Every effort will be made for Partnership Working Group meetings to be conducted in-person. A meeting of the Partnership Working Group may be convened and the Working Group may act in the absence of some members of the Group, so long as those absent members, and a majority of other members, consent to their absence.

60. If invoked, the Community Partner will make every effort to complete their investigation(s) and produce any reports or recommendations consistent with the deadlines stated above, in recognition that time is of the essence in addressing issues that may arise under this Agreement. Any deadlines that are triggered by the delayed action of the Community Partner will run from the date that the Community Partner actually performs the action in question.
61. Either party may request in writing to the other party a Partnership Working Group meeting to discuss other issues identified in the written notice but not specifically provided for under other sections of this Agreement, proposed modifications to this Agreement, or additional proposals to further enhance the 36th District Court's service to the public. The Partnership Working Group shall make a reasonable effort to meet within four weeks of any such written request, but neither party shall make excessive or abusive requests for meetings under this paragraph. A meeting convened under this paragraph will not lengthen the duration of this Agreement. Furthermore, if the Agreement expires at the end of the fifth year, but while a proceeding is still pending before the Community Partner or federal district court, a meeting may be called under this paragraph to address any issues that may arise during the period during which the outstanding controversy is being resolved.

#### VIII. PARTNERSHIP EDUCATION AND OUTREACH AND COMMUNITY PARTNER COLLABORATION

62. The Parties commit to working together to explain the terms of this Agreement via public outreach, trainings, information sessions, and meetings as the Parties deem appropriate. If both Counsel for Plaintiffs and the 36th District Court agree, the Community Partner may be invited to participate in or consult about any such events. Similarly, by consent of both Parties the Community Partner may attend any other event called for by this Agreement, including, without limitation, meetings convened under paragraphs 51, 53, or 61, or trainings conducted pursuant to paragraphs 36–38. If the Community Partner becomes aware of any issues about which he believes his involvement or collaboration would be helpful to the success of this Agreement, the Community Partner may contact the Parties in writing describing the issues and the scope of his proposed involvement. Upon the Parties' consent, which shall not unreasonably be withheld, the Parties will work with the Community Partner on the issues. If a party does object to the Community Partner's proposed involvement, they shall promptly state the basis for their objection in writing. The Community Partner has the additional authority under this Agreement to engage with the Parties, with or without their consent, on any matter that the Community Partner deems to be essential to the survival of the Agreement or its core purposes. Nothing in this paragraph limits the Community Partner's ability to have conversations with the Parties as he sees fit pursuant to paragraph 55.d.

IX. CHANGES OF LAW

63. Unless required by law (including future amendments to the Michigan Court Rules), the 36th District Court shall not adopt a risk assessment tool for conducting Arraignments or Bail Redetermination hearings as to misdemeanor cases.
64. If, due to future changes to the law (including amendments to the Michigan Court Rules), the 36th District Court is required to report data or information other than the information called for pursuant to paragraph 49 of this Agreement to the public or to any entity, such information need not be included in the data reports called for under paragraph 49. Counsel for Plaintiffs may obtain such data or information through mechanisms provided for by law, or through an agreement with the 36th District Court.
65. If future changes to law (including amendments to the Michigan Court Rules), authorize, but do not require, the 36th District Court to follow rules or procedures that may be inconsistent with the terms of this Agreement, and if the 36th District Court wishes to implement such changes, then the following procedures will apply:
  - a. The 36th District Court shall promptly notify Counsel for Plaintiffs in writing of its wish to implement new rules or procedures and of the specific corresponding changes to the Agreement that it proposes. Within 21 days of receiving the 36th District Court's notice, Counsel for Plaintiffs will respond in writing advising the 36th District Court whether Counsel for Plaintiffs believe that the new proposed changes are more protective of the interests of Accused Individuals. If Counsel for Plaintiffs conclude that the new proposed changes are more protective of the interests of Accused Individuals, then the Parties will commit to adopting any necessary revisions to this Agreement to implement the proposed changes. If Counsel for Plaintiffs conclude that the new proposed rules or procedures are not more protective of the interests of Accused Individuals, then they shall not be adopted during the lifetime of this Agreement.
  - b. If the 36th District Court disagrees with Counsel for Plaintiffs' assessment of whether the proposed changes are more protective of the interests of Accused Individuals, the Parties shall meet within 14 days and confer on the question, upon the written request of the 36th District Court. Upon request of either party, the Community Partner shall be invited to participate in such a meeting. However, the ultimate determination of whether the proposed changes are more protective of the interests of Accused Individuals, and thus whether they will be implemented during the lifetime of this Agreement, will remain with Counsel for Plaintiffs.

66. If future changes to law (including amendments to the Michigan Court Rules), require the 36th District Court to follow rules or procedures that may be inconsistent with the terms of this Agreement, then the following procedures will apply:
- a. The 36th District Court shall promptly notify Counsel for Plaintiffs in writing, of the changes to its rules or procedures that it believes are legally required and any corresponding revisions to this Agreement that it believes are necessary. If Counsel for Plaintiffs agree that the new proposed rules or procedures are required by Michigan law and are constitutional, then Counsel for Plaintiffs shall so advise the 36th District Court in writing, and the Parties will commit to adopting any necessary revisions to this Agreement. If Counsel for Plaintiffs (1) do not agree that any changes to the Agreement are legally required; (2) agree that some changes to the Agreement are legally required but that the 36th District Court's proposed changes exceed what is legally required; or (3) agree that the proposed changes are required by state law but believe that the changes would be unconstitutional, then Counsel for Plaintiffs shall, within 14 days of receiving the 36th District Court's notice, provide written notice to the 36th District Court that there is a dispute under this paragraph and will briefly describe the basis for the dispute.
  - b. The Partnership Working Group will convene within 21 days of Counsel for Plaintiffs sending written notice of a dispute under this paragraph and shall attempt to reach consensus about the legal necessity (or lack thereof) of changes to this Agreement and the constitutionality of any proposed changes, in the same spirit of good faith and collaboration that governed the negotiation of this Agreement. If the Parties agree that the change of law requires revisions to the Agreement and that the changes to the Agreement are constitutional, the Partnership Working Group may, by consensus, agree to make any appropriate modifications to this Agreement to address the issues raised by the change of law. In so doing, the Partnership Working Group shall endeavor to minimize any changes to preserve the original form of the Agreement as much as possible.
  - c. If the Parties cannot resolve the issue(s) identified under this paragraph, either party may invoke the Community Partner by providing written notice to both the Community Partner and the other party. Such notice shall be provided within 14 days after the meeting described in subparagraph b. and shall describe the change in law that has caused the issue to arise, the Parties' respective proposed changes to the Agreement (if any), and the basis for the controversy between the Parties. It is the stated goal of both Parties that invoking the Community Partner will be unnecessary, and it is the intent of the Parties to invoke the Community Partner only if it has become impossible

for the Parties to resolve the questions raised by the change of law in good faith.

- d. If the Community Partner is invoked, the Parties shall both provide a written statement to the Community Partner describing their respective positions on the issue(s) identified within 21 days of the written notice invoking the Community Partner, with copies to the other party. After receiving the Parties' position statements, the Community Partner may obtain additional information from the Parties, as the Community Partner deems necessary. Within 30 days of receiving the Parties' position statements, the Community Partner shall produce a written report making findings about whether any changes to the Agreement are legally required and, if so, whether making such changes would be constitutional. If the Community Partner finds that changes to the Agreement are legally required, the Community Partner shall specify what changes to the Agreement should be made based on the principle that any changes should be as minimal as possible and preserve the Agreement as close to its original form and intent as possible.
- e. The Parties shall be required to follow the recommendations of the Community Partner's written report, unless either party files a motion with the federal district court, within 21 days of receiving the Community Partner's report, objecting to the Community Partner's recommendations. The bases for objections to the Community Partner's written report will be limited to whether its recommendations are unlawful or unconstitutional or whether the Community Partner erred as a matter of law in deciding whether changes to the Agreement were legally required by the change in law at issue. If the issue before the federal district court concerns the constitutionality of any change in state law, it shall not be a violation of this Agreement for the 36th District Court to comply with the changed state law unless and until the federal district court holds that doing so is unconstitutional or orders the 36th District Court not to comply with the changed state law.
- f. If the timelines set forth in this paragraph are likely to result in the issues in question being resolved after the underlying change in state law would have already become effective, the Parties, in consultation with the Community Partner, shall agree to an alternate timeline that is reasonably calculated to resolve the controversy prior to the effective date of the change in law.

X. EFFECTIVENESS OF AGREEMENT AND RESOLUTION OF OUTSTANDING LAWSUIT

67. This Agreement shall become binding only upon the entry of a stipulated order by the federal district court, as detailed in this Section, and the effective date of this Agreement shall be September 1, 2022.
68. Upon fully executing this Agreement, the Parties shall promptly file resolution papers with the federal district court as follows:
- a. an amended complaint in which Plaintiffs add claims for damages, which Plaintiffs file while noting the amended complaint is being filed pursuant to a stipulated order;
  - b. a request for an order of dismissal with prejudice pursuant to Rule 41(a)(2) of the Federal Rules of Civil Procedure, in substantially the form attached as Appendix 5, accompanied by a copy of this Agreement, and expressly contingent upon entry of a stipulated order providing as below:
    - i. accepting Plaintiffs' amended complaint as-filed;
    - ii. dismissing all claims against the Wayne County Sheriff in this lawsuit with prejudice and without attorneys' fees and costs; and
    - iii. dismissing all claims against the 36th District Court (i.e., the Honorable Chief Judge of Michigan's 36th District Court in his official capacity and the magistrates of the 36th District Court in their official capacity) in this lawsuit with prejudice and without attorneys' fees and costs with the federal district court expressly retaining jurisdiction to enforce this Agreement consistent with its terms, and this Agreement shall be attached as an exhibit to the stipulated order.
69. Within 30 days of the federal district court's entry of the stipulated order of dismissal described in paragraph 68, and to resolve the disputed claims for damages asserted in Plaintiffs' amended complaint as described in paragraph 68, the 36th District Court shall remit a lump sum of \$14,000 via check or to an account to be specified by Counsel for Plaintiffs, and this sum will be distributed among the Plaintiffs in a manner to be determined exclusively by Plaintiffs. This amount reflects a commitment by the Parties to free budgetary resources that otherwise might have been used to resolve Plaintiffs' disputed claims for damages by redirecting those resources to the implementation of this Agreement.
70. The Parties agree that the federal district court has and may retain jurisdiction over this Agreement, pursuant to the Agreement's terms. The Parties agree that they, their agents, and successors shall never make any arguments in any forum that the

procedures described in this Section of the Agreement were improper or that the federal district court lacks jurisdiction to enforce this Agreement in the manner described within the Agreement.

71. For the duration of this Agreement, Plaintiffs authorize and instruct Counsel for Plaintiffs to take all actions described in this Agreement, to make all decisions called for by this Agreement, and to initiate any processes or proceedings provided by this Agreement, without further instruction from Plaintiffs.

#### XI. MISCELLANEOUS TERMS

72. This document shall constitute the entire integrated Agreement agreed to by the Parties. No prior drafts of this Agreement or prior or contemporaneous communications, oral or written, about this Agreement shall be relevant or admissible for purposes of determining the meaning of any provisions of this Agreement in any litigation or any other proceeding.
73. The use of the term “evidence” or any derivative thereof in this Agreement is not limited to evidence that would be admissible at trial.
74. Nothing in this Agreement prohibits a Presiding Officer from imposing Cash Bail in order to ensure that an Accused Individual, who so desires, receives credit for time served in situations in which a hold order from another jurisdiction will result in the Accused Individual not being released regardless of whether they post bail.
75. Whenever this Agreement calls for either party to provide written notice, email notice will constitute written notice unless otherwise stated.

# **APPENDIX 1**

## **Appendix 1 (Last Updated June 1, 2022)**

### **A. Data Reports and Annual Reports**

#### **1. Overview of Content and Format**

This document may be amended as necessary to ensure the Data Reports and Annual Reports are populated consistent with the terms of the Agreement. This Appendix sets forth information relative to the 36th District Court’s bi-monthly data reports and Annual Reports in the Agreement. This Appendix identifies data points for bi-monthly data reports under Paragraph 49 of the Agreement, identifies the “Phase 1 Meeting Data” referenced in the Agreement (e.g., Paragraph 51), sets forth the format of the bi-monthly data reports for each of the Offense Categories set forth in Paragraph 47 of the Agreement, identifies the data subject to the limited data disclosure relative to Arraignments that occurred as the result of the issuance or enforcement of a Capias Warrant (i.e., “ST” or “OT” misdemeanors in which a Capias Warrant was enforced), sets forth information regarding populating the Release Rates and Redetention Limit, and identifies the data points for the Annual Reports referenced in Paragraph 48 of the Agreement, and the format of the Annual Reports.

The data provided by the 36th District Court in its bi-monthly data reports and Annual Reports will be obtained by the 36th District Court based on existing business processes, which include the 36th District Court’s Judicial Information System (“JIS”), and new business processes, which include, but are not limited to, report generation via Power Bi. It is understood that bi-monthly data reports generated by the 36th District Court pursuant to the terms of the Agreement will consist of line-by-line/column-by-column data that is available and applicable<sup>1</sup>, as set forth in the Bi-Monthly Data Report –Data Point Chart. It is understood that the Annual Reports generated by the 36th District Court pursuant to the terms of the Agreement will consist of line-by-line/column-by-column data and be based on available and applicable data from the 36th District Court’s bi-monthly data reports, as set forth in the Annual Data Reports –Data Point Chart.

---

<sup>1</sup> It is understood that certain data points, including but not limited to “Basic Demographic Data” data points 2. – 4. are drawn from databases over which the 36th District Court does not control and that certain data may be incomplete and thus unavailable. If such unavailable data is not essential to calculating Release Rates or otherwise establishing compliance with the terms of the Agreement, it is understood that such data will be reported only to the extent it is available in the relevant databases. For example, “sex” (“Basic Demographic Data” data point 4.) may not be an available data point from JIS for a particular row and thus a specific “sex” would not be identified for a row in a bi-monthly data report or correspondingly in an Annual Report. Similarly, it is understood that data that logically cannot exist, including inapplicable data, need not be provided. For example, there is no need to provide data responsive to “What Happens at the Arraignment?” data point 14.a. (amount of bail imposed) when “What Happens at the Arraignment?” data point 13. indicates that no bail was imposed in the first place because “What Happens at the Arraignment? data point 14. (amount of bail imposed) would logically not exist when the answer to “What Happens at the Arraignment?” data point 13. indicates that bail was not imposed. The use of the word “available” and the word “applicable” throughout this Appendix reflects these understandings.

The 36th District Court's bi-monthly Misdemeanor Offense (i.e., Misdemeanor 1), Felony Offense Category A, and Felony Offense Category B data reports, described below in more detail, will be generated by the 36th District Court in Excel (.xlsx) format. As part of this process and report production, the 36th District Court will also generate and provide bi-monthly data reports relative to Misdemeanor 2 and Excepted Cases, described below in more detail. The 36th District Court's bi-monthly data reports will include a separate summary generated by the 36th District Court in Excel (.xlsx) format reflecting the applicable Release Rates for the Offense Categories, and the applicable Redetention Limit, as those terms are defined in the Agreement.

The 36th District Court's Annual Reports will be generated by the 36th District Court and published on the 36th District Court's website in Adobe PDF (.pdf) file format.

## **2. Data Report Types and Format**

### **a) Felony Offense Category A**

For the 36th District Court's bi-monthly data reports generated relative to Felony Offense Category A, defined in Paragraph 47.b. of the Agreement, the report will consist of the available and applicable data in cases in which the most serious underlying criminal charge under the case number is listed on **Exhibit C** to Appendix 1, and for which the answer to "Arrestment Questions" Question 3.a. of the Judicial Determinations Data Creation Checklist (**Exhibit H** to Appendix 1) is "No," with each case number including a release decision which would feed the applicable Release Rate as to the Felony Offense Category A. This format for Felony Offense Category A allows data to be organized by row for each case with the most serious offense column from that case populating the Felony Offense Category A Release Rate.

### **b) Felony Offense Category B**

For the 36th District Court's bi-monthly data reports generated relative to Felony Offense Category B, defined in Paragraph 47.c. of the Agreement, the report will consist of the available and applicable data in cases in which the most serious underlying criminal charge under the case number is listed on **Exhibit E** to Appendix 1, and for which the answer to "Arrestment Questions" Question 3.a. of the Judicial Determinations Data Creation Checklist (**Exhibit H** to Appendix 1) is "No," with each case number including a release decision which would feed the applicable Release Rate as to the Felony Offense Category B.

The 36th District Court's reports generated relative to Felony Offense Category B will also consist of the available and applicable data in cases in which the most serious underlying criminal charge under the case number is listed on **Exhibit F** to Appendix 1, with each case number including a release decision which would feed the applicable Release Rate as to Felony Offense Category B. This format for Felony Offense Category B allows data to be organized by row for each case with the most serious offense column from that case populating the Felony Offense Category B Release Rate.

**c) Excepted Cases**

For the 36th District Court's bi-monthly data reports generated relative to Excepted Cases, the report will consist of the available and applicable data in cases in which the most serious underlying criminal charge under the case number is listed on **Exhibit C**, **Exhibit D**, or **Exhibit E** to Appendix 1, and for which the answer to "Arraignment Questions" Question 3.a. of the Judicial Determinations Data Creation Checklist (**Exhibit H** to Appendix 1) is "Yes." The Excepted Cases bi-monthly data report will not populate any Release Rate.

The classification of an offense as being eligible to be an Excepted Case under the Agreement reflects only how the case is to be classified for data reporting purposes. The Parties' Agreement regarding how such cases are reported for data purposes does not prevent either an Accused Individual or the prosecution from making legal arguments regarding whether pre-trial detention is lawfully authorized for a given offense type pursuant to MCR 6.106(B).

**d) Misdemeanors**

As to misdemeanors, the pure case number approach used for felonies does not work for organizational purposes because certain misdemeanors in certain misdemeanor categories for the same incident/offense may be assigned different case numbers. Accordingly, rows as to misdemeanors are organized by case number or "charge date" (meaning offense date). Under the misdemeanor approach, the following method will be employed to organize the 36th District Court's bi-monthly data reports generated relative to Misdemeanor 1 and Misdemeanor 2:

1. Compile all cases where a Defendant name ("Basic Demographic Data" data point 1.), Date of birth ("Basic Demographic Data" data point 3.), and "Charge date" ("Charge and Arrest Data" data point 7.) are the same.
2. If all cases have a case type of "SM," "OM," "SD," or "OD," the cases will be included in the Misdemeanor 1 bi-monthly data report.
3. If all cases have a case type of "OT" or "ST," the cases will be included in the Misdemeanor 2 bi-monthly data report.
4. If there are a mix of case types between 2. and 3. above, include all of the cases on one line in the Misdemeanor 1 bi-monthly data report, with the "OT" and "ST" cases being included in the "Additional Charge," "AdditionalChargeCode" and "AdditionalChargeCases" columns.

**(1) Misdemeanor 1**

Subject to the general overview related to misdemeanors above, for the 36th District Court's report generated relative to Misdemeanor 1, the report will consist of the available and applicable data organized by case number or "charge date", as applicable, with the most serious underlying criminal charge involved listed on **Exhibit A** to Appendix 1.

## (2) Misdemeanor 2

For Misdemeanor 2 matters, the 36th District Court will provide data relative to arraignments that occurred as the result of the issuance or enforcement of a Capias Warrant in a Misdemeanor 2 bi-monthly data report (i.e., “ST” or “OT” misdemeanor matters only in which a Capias Warrant was enforced). It is understood that the data that is to be reported in Misdemeanor 2 cases pertains only to the arraignment on the Capias Warrant, and that no data need be provided regarding the prior or initial arraignment, on the underlying “ST” or “OT” misdemeanors in question.

Subject to the general overview related to misdemeanors above, and the limited data disclosure aspect, for the 36th District Court’s report generated relative to Misdemeanor 2, the report will consist of the available and applicable data organized by case number or “charge date”, as applicable, with the most serious underlying criminal charge involved listed on **Exhibit B** to Appendix 1. The Misdemeanor 2 bi-monthly data report will not populate any Release Rate.

## 3. Release Rates

**Exhibit I** to Appendix 1 sets forth the Release Rate formulas for the Misdemeanor Offense Category (i.e., Misdemeanor 1), Felony Offense Category A, and Felony Offense Category B. **Exhibit I** to Appendix 1 may be amended as necessary to ensure the Release Rate buckets for the Offense Categories are populated consistent with the terms of the Agreement.

The Release Rate buckets for the Offense Categories are:

1. Misdemeanor Offense Category (defined in Paragraph 47.a. of the Agreement): Most serious underlying criminal charge under the case number or “charge date,” as applicable, is listed on **Exhibit A** to Appendix 1. The Misdemeanor Offense Category Release Rate is 97%.
2. Felony Offense Category A (defined in Paragraph 47.b. of the Agreement): Most serious underlying criminal charge under the case number is listed on **Exhibit C** to Appendix 1, and for which the answer to “Arrestment Questions” Question 3.a. in the Judicial Determinations Data Creation Checklist (**Exhibit H** to Appendix 1) is “No.” The Felony Offense Category A Release Rate is 80%.
3. Felony Offense Category B (defined in Paragraph 47.c. of the Agreement): Most serious underlying criminal charge under the case number is listed on **Exhibit E** to Appendix 1, and for which the answer to “Arrestment Questions” Question 3.a. of the Judicial Determinations Data Creation Checklist (**Exhibit H** to Appendix 1) is “No.” Additionally, the Felony Offense Category B Report is also populated when the most serious underlying criminal charge under the case number is an offense listed on **Exhibit F** to Appendix 1. The Felony Offense Category B Release Rate is 90%.

If the answer to “Arrestment Questions” Question 3.a. in the Judicial Determinations Data Creation Checklist (**Exhibit H** to Appendix 1) is “Yes,” then regardless of the answer to Question 3.b. in the Judicial Determinations Data Creation Checklist, the result is not part of a Release Rate bucket.

The Arrestment Questions Flow and Bail Redetermination Hearing Questions Flow included as part of **Exhibit H** to Appendix 1 are a visual representation of the questions and the question flow relative to the Judicial Determinations Data Creation Checklist.

The Release Rate Calculation Flow included as part of **Exhibit I** to Appendix 1 is a visual representation of the calculation of release rates based on the Release Rate formulas.

#### 4. Redetention Limit

**Exhibit J** to Appendix 1 sets forth the Redetention Limit formula for the Misdemeanor Offense Category (i.e., Misdemeanor 1), Felony Offense Category A, and Felony Offense Category B. **Exhibit J** to Appendix 1 may be amended as necessary to ensure the Redetention Limit for the Offense Categories is populated consistent with the terms of the Agreement.

The Redetention Rate Calculation Flow included as part of **Exhibit J** to Appendix 1 is a visual representation of the calculation of the Actual Redetention Rate based on the Redetention Limit formula.

#### 5. Bi-Monthly Data Report – Data Point Chart

The below Data Report Data Point Chart identifies data points for bi-monthly data reports under Paragraph 49 of the Agreement. Where applicable, the below Data Report Data Point Chart also identifies the “Phase 1 Meeting Data” referenced in the Agreement (e.g., Paragraph 51), and identifies the data subject to the limited data disclosure relative to Arrestments that occurred as the result of the issuance or enforcement of a Capias Warrant (i.e., “ST” or “OT” misdemeanors in which a Capias Warrant was enforced).

6. If Cash Bail (Appendix 1, “What Happens at the Arraignment” data point 13.) was not found to be affordable, is a finding made on the record, by a preponderance of the evidence that is particular to the Accused Individual, that Unaffordable Bail is reasonably necessary to ensure the Accused Individual’s appearance is required and that the risk of non-appearance cannot be managed by Non-Cash Release Conditions? **Release Rate Formulas (Last Updated May 4, 2022)**

This document sets forth the logic for Release Rate assessment for the Misdemeanor Offense Category (i.e. Misdemeanor 1), Felony Offense Category A, and Felony Offense Category B. This document may be amended as necessary to ensure the Release Rate buckets for the Offense Categories are populated consistent with the terms of the Agreement.

**Logic For Release Rate Assessment Under the Agreement:**

An Accused Individual is not included for purposes of Release Rate assessment for a bi-monthly data report **at all** if:

1. The record at the Arraignment or Bail Redetermination hearing establishes that the Accused Individual has deliberately chosen not to post Cash Bail for reasons other than unaffordability. (*See* Agreement, ¶ 46.c.)
2. If a Capias Warrant was issued for a misdemeanor classified as “OT” or “ST,” and there are no other misdemeanor or felony charges involved, then the release decision is not part of the release rate assessment. (*See* Agreement, ¶¶ 13, 42, 46.d., 49).

An Accused Individual is **not included** for purposes of Release Rate assessment for a current bi-monthly data report if:

1. The Accused Individual’s Arraignment occurred on the second-to-last day of the second month of the current bi-monthly reporting period, Cash Bail that was intended to be affordable was imposed, a Bail Redetermination hearing occurred on the last day of the second month of the current bi-monthly reporting period, and there is no indication that the Accused Individual satisfied all bond payments by the end of the second month of the current bi-monthly reporting period (*see* Agreement, ¶ 49); or
2. The Accused Individual’s Arraignment occurred on the last day of the second month of the current bi-monthly reporting period, Cash Bail that was intended to be affordable or unaffordable was imposed, and there is no indication the Accused Individual satisfied all bond payments by the end of the month. (*See* Agreement, ¶ 49).

An Accused Individual **is** included for purposes of Release Rate assessment for a current bi-monthly data report if:

1. The Accused Individual’s Arraignment occurred on the last or second-to-last day of the previous second month of a bi-monthly reporting period and the Accused Individual was not included in the previous data report. (*See* Agreement, ¶ 49).
2. The Accused Individual’s Arraignment occurred at any time during the bi-monthly reporting period except the last or second-to-last day of the second month of the current bi-monthly reporting period. (*See* Agreement, ¶ 49).

3. The Accused Individual's Arraignment occurred on the last or second-to-last day of the second month of the current bi-monthly reporting period, but the Accused Individual is considered released because no Cash Bail was imposed, or because the Accused Individual satisfied all bond payments by the last day of the second month of the current bi-monthly reporting period. (*See* Agreement, ¶ 49).
4. The Accused Individual's Arraignment occurred on the second-to-last day of the second month of the current bi-monthly reporting period or earlier, and Cash Bail that was intended to be unaffordable was imposed. (*See* Agreement, ¶ 49).
5. The Accused Individual's Arraignment occurred on the second-to-last day of the second month of the current bi-monthly reporting period, Cash Bail that was intended to be affordable was imposed, and a Bail Redetermination hearing did not occur on the last day of the second month of the current bi-monthly reporting period.

An Accused Individual is **considered released** for purposes of Release Rate assessment for a bi-monthly data report if:

1. No Cash Bail is imposed at the Accused Individual's Arraignment. (*See* Agreement, ¶ 46).
2. Cash Bail is imposed at the Accused Individual's Arraignment, but the Accused Individual satisfies all bond payments within 1 day of the Accused Individual's Arraignment. (*See* Agreement, ¶ 46).
3. Cash Bail that is intended to be affordable is imposed at the Accused Individual's Arraignment and the Accused Individual fails to satisfy all bond payments within 1 day of the Arraignment, but a Bail Redetermination hearing is held within 1 day of the Arraignment, and the Accused Individual satisfies all bond payments within 1 day of the Bail Redetermination hearing (in other words, within 2 days of the Arraignment) or at the Bail Redetermination hearing Cash Bail is eliminated. (*See* Agreement, ¶ 46).

An Accused Individual is **considered detained** for purposes of Release Rate assessment for a bi-monthly data report if:

1. A Presiding Officer imposes Cash Bail (i.e., cash/surety, cash only, 10%) of more than \$0 that is intended to be affordable and
  - a. The Accused Individual does not satisfy all bond payments within 1 day of the Arraignment, and a Bail Redetermination hearing does not occur within 1 day.
  - b. The Accused Individual is given a Bail Redetermination hearing within 1 day of Arraignment, Cash Bail is not eliminated at the Bail Redetermination hearing, and then the Accused Individual fails to satisfy all bond payments within 1 day of the Bail Redetermination hearing (or 2 days of the Arraignment).
2. A Presiding Officer imposes Cash Bail (i.e., cash/surety, cash only, 10%) of more than \$0 that is intended to be unaffordable, and the Accused Individual does not satisfy all bond payments within 1 day of the Arraignment.

**Redetention Limit Formula (Last Updated May 4, 2022)**

This document sets forth the logic for assessing the Actual Redetention Rate for the Misdemeanor Offense Category (i.e. Misdemeanor 1), Felony Offense Category A, and Felony Offense Category B. This document may be amended as necessary to ensure the Actual Redetention Rate for the Offense Categories is populated consistent with the terms of the Agreement.

**Full Logic For Redetention Limit Assessment Under the Agreement:**

The Actual Redetention Rate assessment is based on an answer “Yes” to “Tracking Subsequent Pre-Trial Phases” data point 27. in Appendix 1 to the Agreement across all Offense Categories (i.e. Misdemeanor Offense Category (i.e. Misdemeanor 1), Felony Offense Category A, and Felony Offense Category B).

An Accused Individual is not included for purposes of the Redetention Limit assessment **at all** if:

1. The record at the Arraignment or Bail Redetermination hearing establishes that the Accused Individual has deliberately chosen not to post Cash Bail for reasons other than unaffordability. (Answer “Yes” to Judicial Determinations Data Creation Checklist Arraignment Q. 7. or BRH Q. 6.c.)
2. The answer to “Tracking Subsequent Pre-Trial Phases” data point 27. (i.e. “Was Cash Bail newly imposed or increased at the first regularly scheduled hearing before the district judge (PCC in a felony; pre-trial in a misdemeanor)”) is “no”.

An Accused Individual is not included for purposes of the Redetention Limit assessment for the current bi-monthly data report if:

1. The Accused Individual’s probable cause conference or pre-trial hearing occurred on the last day of the second month of the bi-monthly reporting period and there is no indication that the Cash Bail was posted by the end of the second month of the bi-monthly reporting period.

An Accused Individual **is** included for purposes of the Redetention Limit assessment for the current bi-monthly data report if:

1. The answer to “Tracking Subsequent Pre-Trial Phases” data point 27. (i.e. “Was Cash Bail newly imposed or increased at the first regularly scheduled hearing before the district judge (PCC in a felony; pre-trial in a misdemeanor)”) is “yes” and the PCC in a felony or pre-trial in a misdemeanor occurred at any time during the bi-monthly reporting period except the last day of the second month of the current bi-monthly reporting period.
2. The answer to “Tracking Subsequent Pre-Trial Phases” data point 27. (i.e. “Was Cash Bail newly imposed or increased at the first regularly scheduled hearing before the district judge (PCC in a felony; pre-trial in a misdemeanor)”) is “yes,” the PCC in a felony or pre-trial in a misdemeanor occurred on the last day of the second month of the current bi-monthly reporting period, and bond was posted on the same day.
3. The Accused Individual’s probable cause conference or pre-trial hearing occurred on the last day of the second month of the bi-monthly reporting period, the answer to “Tracking Subsequent Pre-Trial Phases” data point 27. (i.e. “Was Cash Bail newly imposed or

increased at the first regularly scheduled hearing before the district judge (PCC in a felony; pre-trial in a misdemeanor)”) is “yes”, and the Accused Individual was not included in the previous bi-monthly data report because the outcome was unknown.

An Accused Individual is “redetained” for purposes of the Redetention Limit assessment for the current bi-monthly data report if the Accused Individual is included for purposes of the current Redetention Limit assessment based on the prior paragraphs and:

1. At the Accused Individual’s PCC in a felony or a pre-trial hearing in a misdemeanor, Cash Bail is higher<sup>1</sup> than it was at the Bail Redetermination hearing (“BRH”) (if there was one) or the Arraignment (if there was no BRH), and the date bond posted is either missing or more than 1 day after the date of the PCC in a felony or pre-trial hearing in a misdemeanor.

---

<sup>1</sup> “Cash Bail is higher” means it will cost more for the Accused Individual to post bond in order to be released.

Re: Engagement as Community Partner – Resolution involving Davontae Ross, Timothy Lucas, Starmanie Jackson, KuShawn Moore, Jr., a minor by his parent and next friend, KuShawn Moore, Sr., Asia Dixon, Keith Wilson, and Katrina Gardner (“Plaintiffs”), and Honorable Chief Judge of Michigan’s 36th District Court, in his official capacity as Chief Judge of Michigan’s 36th District Court and Magistrates of Michigan’s 36th District Court, in their official capacities as Magistrates of Michigan’s 36th District Court (“Defendants” or “36th District Court”)

Dear Parties:

Thank you for the opportunity to work with Plaintiffs and 36th District Court in the matter of Davontae Ross et al. v. Chief Judge of Michigan’s 36th District Court et al., E.D. Mich. Case No. 19-CV-11076 (the “Case”). Please review this engagement letter and return a signed copy to me (our “Retention Agreement”).

**Retention of Services.** Plaintiffs and 36th District Court (the “Parties”) have agreed to the engagement of me and Miller, Canfield, Paddock and Stone, P.L.C. to assist in the potential resolution of the Case between the Parties with the anticipated potential resolution resulting in me serving in the role of Community Partner. The Parties have represented that the Community Partner role will focus on implementation and administration of the resolution, including, without limitation, investigating compliance and issuing reports related thereto as appropriate. If the Parties reach a resolution, it is understood that the Parties anticipate that this Retention Agreement will be attached as Appendix 3 to the Settlement Agreement approved by the Parties along with a letter from me formally accepting the Community Partner role’s duties and functions as set forth in the finalized Settlement Agreement. This engagement does not give rise to a lawyer-client relationship between the lawyers, the lawyers’ firms, the Parties or any affiliate of the Parties, or any other person or entity.

**Scope of Engagement.** We have been engaged to commence work on this matter on July 26, 2021 or the latest date this Retention Agreement is executed on behalf of 36th District Court and on behalf of Plaintiffs. The scope of the engagement is described above. Miller Canfield confirms that it does not represent any of the Parties in any related matter.

MILLER, CANFIELD, PADDOCK AND STONE, P.L.C.

-2-

July 26, 2021

**Confidentiality.** Except as may otherwise be provided in a finalized Settlement Agreement approved by the Parties or by express authorization by the Parties, the information provided by Plaintiffs and Defendants related to this engagement shall be confidential including, without limitation, under FRE 408.

**Staffing.** I will manage this engagement, but senior partner Joseph Vernon will play a significant role advising me in my role. As discussed, we can offer a special discount, which means that both my and Joe's time will be billed at \$425 per hour (my standard billing rate is \$690 per hour and Joe's standard rate is \$540 per hour). We may be assisted from time to time by other colleagues and members of our professional staff, as the Parties' needs dictate, with other attorneys being billed at a special discounted rate of \$225 per hour, and paralegals being billed at a special discounted rate of \$ 140 per hour. Except as to my role, the staffing on this matter is subject to change, based on cost considerations, the workloads of our professional staff members, and the specific tasks to be performed, however the Parties will be notified in advance of any staffing change.

**Billing and Payment.** All fees, expenses and any additional charges of me and Miller Canfield under this engagement will be paid by the 36th District Court. Neither Plaintiffs, Plaintiffs' counsel, nor 36th District Court's counsel are responsible for payment of such fees, expenses and charges. Our billing rates are based on the assumption of prompt payment. Consequently, unless other arrangements are made, fees for services and other charges will be billed monthly and are payable within thirty days of receipt. We reserve the right to charge interest at the maximum legally permissible rate up to 1% per month or 12% per annum on amounts past due.

**How Our Fees Will Be Set.** Generally, our fees are based on the time spent by the lawyers and paralegal personnel who work on your matter. We will charge for all time spent performing professional services for you including, by way of illustration, telephone and office conferences with you, your representatives, consultants, and others; conferences among our legal and paralegal personnel; factual investigation; legal research; and drafting letters, agreements, reports, and other documents. We will keep accurate records of the time we devote to your work.

From time to time the 36th District Court may request and we may furnish estimates of legal fees and other charges that we anticipate will be incurred under this engagement. Due to a wide range of variables, many of which are unforeseeable, these estimates are by their nature inexact and cannot be considered as limitations on the fees we will charge. The actual fees and charges ultimately billed may vary from such estimates.

**Additional Charges.** In addition to our fees, our invoices will include charges for expenses incurred in the performance of our services. Generally, charges which reflect the use of resources provided by outside vendors (courier services, court reporters, etc.) are charged at the vendor's charge to us without markup. Certain other charges reflect the utilization of firm resources or involve an integral combination of firm's resources and outside vendors (photocopying, computer research, etc.). These services are charged at standard rates which encompass both the direct vendor charge and an amount equal to the firm's estimate of an appropriate charge for the firm resources allocated to the service. While these charges may not match the firm's exact cost of providing these services in each instance, we believe that these charges are fair and generally comparable to the charges made by other firms for similar services. The current basis for these charges is set forth below. The firm will review this schedule of charges on an annual basis and adjust them to take into account changes in the firm's costs and other factors.

MILLER, CANFIELD, PADDOCK AND STONE, P.L.C.

-3-

July 26, 2021

**Photocopying:** The firm charges \$.10 per page.

**Computer Research:** The firm uses computer assisted research services such as Westlaw. The firm will not charge for the use of these services unless specifically pre-approved by the 36th District Court.

**Mail:** We charge for the actual cost of postage for the U.S. Postal Service and foreign postal carriers, as well as the actual cost of air express couriers.

**Overtime:** Staff overtime is charged only when required by the time constraints of the specific project.

**Facsimile:** The firm reserves the right to charge up to \$1.00 per page for outgoing faxes, which includes all telephone costs. There is no charge for incoming faxes.

**Telephone Calls:** The firm does not charge for local or long-distance calls made or received at our office locations via land line. In limited cases in which a significant amount of cellular telephone charges are incurred—e.g., during an engagement that involves extensive travel and engagement-related communications—the firm may pass those charges on to the 36th District Court, but only after providing advanced notice of the expected charges and receiving advanced approval from the 36th District Court.

**Travel-Related Expenses:** Airfare, meals, and related travel expenses are charged to you at the firm's actual, out-of-pocket cost. Automobile mileage is charged at the IRS approved rate. Credits earned under the Frequent Flyer Programs accrue to the individual traveler and not to the firm or you.

**Firm Messengers:** Walking messenger trips are charged at a flat rate per delivery. Driving messenger trips are charged at the firm's standard automobile mileage charge plus parking and toll charges if imposed.

**Other Costs:** The firm charges actual disbursements for third-party services like court reporters, expert witnesses, database services, and the like. Unless special arrangements are otherwise made, payment of the fees and expenses charged by others (such as experts, investigators, consultants and court reporters) will be the 36th District Court's responsibility and billed directly to the 36th District Court. All invoices in excess of \$1,000 will be forwarded to the 36th District Court for direct payment unless other payment arrangements are made with us in advance. The firm will not retain any third-party to provide services related to this engagement unless specifically pre-approved by the Parties.

**Completion of Engagement.** This engagement will terminate when we perform our last services for the Parties in this matter, whether the charges for those services have been invoiced or paid.

**Counterparts.** This Retention Agreement may be executed in counterparts and, as so executed, shall constitute one single, original agreement binding on Miller, Canfield, Paddock and Stone, P.L.C., the Parties and their counsel.

**Dispute Resolution.** In the unlikely event that a dispute arises concerning our charges for services provided under this Retention Agreement, 36th District Court shall first try in good faith to settle the dispute directly. If the dispute is not resolved, it shall be submitted to third party neutral facilitation in accordance with the mediation rules of the American Arbitration Association ("AAA"). If the dispute is not resolved

through mediation, the dispute shall be settled by binding arbitration in accordance with the laws of the State of Michigan. The arbitration shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association except as modified here. Judgment upon the award rendered by the arbitrators may be entered in any court of record having jurisdiction thereof. The mediation and arbitration proceedings, including any hearings, shall be held in the Detroit metropolitan area. It is agreed that no one is entitled to or shall request or claim punitive or exemplary damages and that the arbitrators shall not have the authority to award punitive or exemplary damages or any other damages in excess of actual pecuniary damages.

# **APPENDIX 4**

STATE OF MICHIGAN  
IN THE 36TH DISTRICT COURT

**LOCAL ADMINISTRATIVE ORDER 2022-**

**SUBJECT: CONDUCT OF ARRAIGNMENTS AND IMPLEMENTATION OF BAIL PARTNERSHIP AGREEMENT IN ROSS ET AL. v. HONORABLE CHIEF JUDGE OF MICHIGAN'S 36TH DISTRICT COURT, IN HIS OFFICIAL CAPACITY AS CHIEF JUDGE OF MICHIGAN'S 36TH DISTRICT COURT, ET AL.**

This Administrative Order implements the Bail Partnership Agreement (“Agreement”) in *Ross et al. v. Honorable Chief Judge of Michigan’s 36th District Court, in his Official Capacity as Chief Judge of Michigan’s 36th District Court, et al.*, No. 19-11076 (E.D. Mich., Compl. filed Apr. 14, 2019), and summarizes some of its core provisions. The Agreement involves standards designed to promote the fair and effective administration of justice. The Agreement is also designed to promote public safety and attendance in court, and further enhance the Court’s service to the public. This Administrative Order shall govern all arraignments of criminal defendants (“Accused Individual(s)”) conducted by magistrates or judges (“Presiding Officer(s)”) of the 36th District Court, effective September 1, 2022.

**IT IS ORDERED THAT:**

1. The Agreement entered onto the federal district court’s docket on **DATE**, is binding on the 36th District Court. All relevant court staff and officials are expected to be familiar with the Agreement and are required to comply with all of its terms, as well as the associated appendices and exhibits. In the event of any conflict between this Order and the Agreement, the Agreement’s terms govern. The Agreement, with its appendices and exhibits, is available online **here**. Each capitalized term in this Administrative Order shall have the meaning ascribed to it in the Agreement.
2. Except in cases described in Article I, Section 15 of the Michigan Constitution and Michigan Court Rule 6.106, Accused Individuals must be released on Personal Recognizance or with a Personal Bond, unless a finding is made on the record, pursuant to Paragraph 27 of the Agreement, that the Accused Individual presents an identified and articulable danger to any person or the public or a risk of non-appearance. Cash Bail shall not be imposed unless the Presiding Officer makes a finding that any such danger to a person or the public or risk of non-appearance cannot be managed through Non-Cash Release Conditions. (Agreement, ¶¶ 25, 27.)
  - a. Arraignments involving cases described in MCL 765.6a shall be conducted as described in the Agreement. (Agreement, ¶ 25.d.)
  - b. Arraignments involving individuals accused of violating MCL 750.165 (felony failure to pay child support) shall be conducted as described in the Agreement. (Agreement, ¶ 25.e.)
3. Accused Individuals shall be given an opportunity to complete a financial information intake form. (Agreement, ¶ 26.a.)

4. In any case in which a Presiding Officer contemplates imposing Cash Bail as a condition of pre-trial release, the Presiding Officer shall conduct an inquiry pursuant to Paragraph 26 of the Agreement to determine how much Cash Bail the Accused Individual can afford to pay without manifest hardship, using assets or income that are available and accessible to the Accused Individual at the time of the Arraignment. For any Accused Individual whose household income is below 200% of the Poverty Guidelines as revised annually by the United States Department of Health and Human Services, the Accused Individual shall be presumed not to be able to afford to pay Cash Bail. In any case in which Cash Bail is imposed, the Presiding Officer must make a finding on the record stating whether the amount required is affordable for the Accused Individual. (Agreement, ¶ 26.)
5. A Presiding Officer may impose Unaffordable Bail only under two circumstances: (1) when the Presiding Officer makes a finding on the record, by clear and convincing evidence that is particular to the Accused Individual, that the Accused Individual presents an identified and articulable danger to any person or the public that cannot be managed by Non-Cash Release Conditions; or (2) when the Presiding Officer makes a finding on the record, by a preponderance of the evidence that is particular to the Accused Individual, that Unaffordable Bail is reasonably necessary to ensure the Accused Individual's appearance as required and that the risk of non-appearance cannot be managed by Non-Cash Release Conditions. The Presiding Officer will consider evidence and arguments as described in the Agreement. (Agreement, ¶¶ 27, 34.)
6. If Cash Bail is imposed in an amount that the Presiding Officer at the Arraignment found would be affordable, and if the Accused Individual has not posted bond 24 hours after their Arraignment, the Accused Individual will be automatically scheduled to appear before a Presiding Officer for a Bail Redetermination hearing within 24 hours after their Arraignment. At the Bail Redetermination hearing, the Presiding Officer will inquire into the reasons why the Accused Individual remains detained, and any additional information bearing on the question of the amount of Cash Bail that the Accused Individual can afford. (Agreement, ¶¶ 28, 30.)
7. If Cash Bail is imposed in an amount that the Presiding Officer at the Arraignment found would be unaffordable, the Accused Individual will be automatically scheduled to appear before a district court judge at the 36th District Court for a Bail Redetermination hearing within 48-72 hours after the Arraignment. If the 72-hour period falls on a weekend or holiday, the Bail Redetermination hearing will be scheduled on the next business day. (Agreement, ¶¶ 28, 29.)
8. Accused Individuals are entitled to Appointed Arraignment Counsel at no expense to themselves, or retained counsel of their choosing, at all Arraignments and Bail Redetermination hearings in the 36th District Court. (Agreement, ¶¶ 31, 33.)
9. Appointed Arraignment Counsel shall be given an opportunity to speak privately with each Accused Individual who is to be represented by Appointed Arraignment Counsel prior to their Arraignment. Appointed Arraignment Counsel shall be given sufficient time with the Accused Individual to review the Accused Individual's financial circumstances, as well as any circumstances that may be relevant to the determination of Cash Bail and other conditions of release. (Agreement, ¶ 32.)

10. All attorneys who are appointed to represent Accused Individuals in the 36th District Court shall complete at least four hours of specific training regarding the law and terms of bail prior to September 1, 2022, or prior to receiving an appointment to represent an Accused Individual in the 36th District Court, if completed after September 1, 2022. The training shall emphasize that the Agreement is not intended to dictate the outcome of any particular Arraignment or Bail Redetermination hearing, but rather to describe the procedures and principles that will be used to guide the lawful and constitutional exercise of the Presiding Officer's discretion when determining whether to impose Cash Bail and the terms upon which to do so. The training will be jointly developed and administered by the 36th District Court and by Counsel for Plaintiffs in *Ross et al. v. Honorable Chief Judge of Michigan's 36th District Court, in his Official Capacity as Chief Judge of Michigan's 36th District Court, et al.* The Court will publicly announce multiple opportunities to attend the training during summer of 2022. (Agreement, ¶¶ 36, 38.)
11. All attorneys who are appointed to represent Accused Individuals in the 36th District Court shall complete at least two-hours of refresher training on the law and terms of bail every two years. (Agreement, ¶ 37.)
12. In all cases involving any Accused Individual who is accused of a misdemeanor offense other than MCL 750.81, 750.82, 750.81a, 750.82a, and 750.11(h), the first time such an Accused Individual fails to appear for any court date (other than a trial date) at which their attendance is required, the Presiding Officer at the hearing will not issue a warrant for the Accused Individual's arrest. Instead, the Presiding Officer will automatically reschedule the court date to a date at least 14 days after the date of non-appearance. The 36th District Court will promptly send written notice of the rescheduled court date by mail to the Accused Individual's last known address, and it will also promptly provide notice via text message if the Accused Individual has signed up to receive text message alerts. (Agreement, ¶ 40.)
13. Other than Cash Bail, no Presiding Officer shall impose any type of Condition Requiring Payment for which compliance would require the Accused Individual to make payments upfront prior to being released from jail and no Accused Individual may be detained or otherwise treated as being in violation of their release conditions for inability to make the payments associated with any condition of release. The Court's current practice when a Tether Requirement is imposed does not include ordering that the Tether Requirement be paid by the Accused Individual so that the Accused Individual can be released. The Court must continue to not order that a Tether Requirement be paid by an Accused Individual. Accordingly, an Accused Individual shall not be detained due to a failure to pay for a Tether Requirement. (Agreement, ¶ 26.f, 26.g.)
14. The Court will continue to utilize a system of text message reminders of court hearings. The Court will provide all Accused Individuals with information regarding signing up for such reminders at their Arraignment. Notice of the availability of text reminders will be posted in the courthouse in prominent locations. The 36th District Court will provide a mechanism at the 36th District Court (such as computer kiosks in the courthouse) by which Accused Individuals can sign up to receive text messages. (Agreement, ¶ 41.)

15. All the terms provided in the Agreement for the conduct of Arraignments and Bail Redetermination hearings apply with equal force to cases in which an Accused Individual was arrested or is being held in jail in whole or part because of a Capias Warrant issued by a 36th District Court judge. The Presiding Officer in a failure-to-appear case shall determine, *de novo*, appropriate release conditions, if any. If Cash Bail is contemplated, the Presiding Officer shall determine whether Cash Bail in any amount is appropriate or affordable and, if so, in what amount, in accordance with the terms set forth in Paragraphs 25-27 of the Agreement. (Agreement, ¶ 42.)
